CHAPTER 1

INTRODUCTION

1. General

In meeting the challenges of reforming education and training, the government has committed itself to a paradigm shift in the education and training system, underpinned by the following principles:

- An integrated approach to education and training;
- Lifelong learning;
- Equity and redress;
- Accountability and transparency;
- Responsiveness and relevance;
- Diversity;
- Quality and efficiency; and
- Credibility.

The above paradigm shift in education policy also encompasses a shift from a mainly content-based approach towards an outcomes-based (OBE) approach, and from an examination-driven approach to an assessment approach. In view of this, the current Senior Certificate and its associated policy documents do not meet this requirement.

2. Assessment

Assessment refers to gathering evidence to make a judgment or describe the status of learning of an individual or group. Assessment should be linked to learning, teaching and not be viewed - or used - in isolation. The main aim of assessment,

is not simply to judge the outcome of learning, but to provide a supportive and positive mechanism that helps learners to improve their learning and teachers to improve their teaching and thereby to contribute to the efficiency of the learning and teaching programme.

The approach to authentic assessment is inclusive and also creates equal opportunities for all learners, including learners who experience barriers to learning. In line with *Education White Paper 6 on Special Needs Education: Building an Inclusive Education and Training System*, assessment must create the conditions for a true reflection of the actual academic abilities of learners irrespective of the barriers which they experience.

Examination is a sub-component of assessment and will be conducted at the end of the year for Grades 10 - 12. The purpose of these examinations is to provide reliable and fair measures of the achievements of learners in the subjects offered. Each examination is designed to address the learning outcomes, assessment standards and content competencies of the subject and to provide learners, parents and teachers with results that are meaningful indications of what the learners know, understand and can do at the time of the examination.

3. Policy documents

- (1) The two relevant Senior Certificate documents, namely *A résumé of instructional programmes in schools*, Report 550 (2001/08) and the *National Policy on the Conduct of the Senior Certificate examinations* (*Government Gazette*, Vol. 409, No. 20280 of 9 June 1999) focus on the administration and management of the Senior Certificate.

- (2) Furthermore, the two above-mentioned policy documents should also be amended in terms of the most recent legislation in this field, namely the:
- (a) The *General and Further Education and Training Quality Assurance Act, 2001 (Act No. 58 of 2001)* which clearly defines the roles of the relevant applicable bodies and emphasises quality assurance instead of certification; and
 - (b) *Section 61 of the South African Schools Act, 1996 (Act. No. 84 of 1996)* as amended, allowing the Minister to make regulations on:
 - (i) A national curriculum statement applicable to public and independent schools by setting minimum outcomes and standards;
 - (ii) A national process and procedures for the assessment of learner achievement in public and independent schools; and
 - (iii) A national process for the assessment, monitoring and evaluation of education in public and independent schools.
- (3) Considering the above, the *National Policy on the Conduct of the Senior Certificate examinations (Government Gazette, Vol. 409, No. 20280 of 9 June 1999)* will be replaced by this document that has been developed with the aim of ensuring the necessary policy support for the Senior Certificate examinations for the catering of part-time learners during the transitional phase of the Certificate.

CHAPTER 2

THE PURPOSE OF THIS DOCUMENT

4. General

The function of the Minister of Education is to set norms and standards on the Senior Certificate. The policy is set on norms and standards to which all assessment bodies give effect. Guidance will be given to exercise these functions ascribed to by law.

If the assessment of the Senior Certificate has to be quality assured, there has to be a clear policy against which the monitoring process can be executed. In this regard this document provides the necessary policy support and assistance in developing, organising, structuring and implementing an assessment framework to maintain the Senior Certificate.

The document will furthermore focus on assessment policy for both internal assessment (site-based assessment), conducted at the applicable site and which includes a variety of assessment methods, and assessment that is conducted primarily by an external body.

The document also provides rules and conditions relating to the conduct and administration of the final examination. This will serve to govern the rights and privileges of all persons involved in the assessment process, which include all officials who are involved in the administration of the assessment, candidates, parents and institutions that require assessment results.

This policy document is aimed at quality assurance and must therefore be read in conjunction with the policy document, *A résumé of instructional programmes in schools, Report 550 (2001/08)*.

5. Supporting legislation

The document is also underpinned by *Section 3(4)(l)* of the *National Education Policy Act, 1996 (No. 27 of 1996)* which makes provision for the determination of national education policy regarding curriculum frameworks, core syllabuses and education programmes, learning standards, examinations and the certification of qualifications, subject to the provisions of any law establishing a national qualifications framework or a certifying or accrediting body.

6. Supporting policy documents and regulations

National policy on assessment is also contained in the following policy documents and all assessment bodies must comply with the prescriptions as set out in these documents:

- (1) *Formal Technical College Instructional Programmes in the RSA, Report 191 (2001/08)*;
- (2) Regulations under the *General and Further Education and Training Quality Assurance Act, 2001 (Act No. 58 of 2001)*; and
- (3) Matriculation Endorsement and Exemption Regulations, *Government Gazette, Vol. 426, No. 21805* of 1 December 2000, as amended in *Government Gazettes, Vol. 448, No. 23900* of 11 October 2002 and *No. 25506* of 26 September 2003.

- (4) *Education White Paper 6 on Special Needs Education: Building an Inclusive Education and Training System* that provides a policy framework which guides the transformation of practices related to examinations and assessment in general with a view to achieving enabling mechanisms to support learners who experience barriers to learning.

CHAPTER 3

FUNCTIONS ACCORDED TO VARIOUS QUALITY ASSURANCE AND ASSESSMENT BODIES

7. Functions of assessment bodies

Section 16 of the General and Further Education and Training Quality Assurance Act, 2001 (Act No. 58 of 2001) stipulates the following bodies to be involved with quality assurance and assessment:

- (1) South African Qualifications Authority (SAQA);
- (2) General and Further Education and Training Quality Assurance Council (Umalusi);
- (3) Department of Education;
- (4) Public providers;
- (5) Independent providers;
- (6) Assessment bodies; and
- (7) South African Universities Vice-Chancellors' Association (SAUVCA), statutorily known as the Committee of Principals and for the purpose of this document the meaning of these bodies will be the same as stated in the Act.

CHAPTER 4

CONDUCT OF INTERNAL ASSESSMENT

8. General requirements: Norms and Standards

- (1) An internal assessment mark based on site-based assessment is a compulsory component of the final promotion mark for all full-time candidates registered for a Senior Certificate.
- (2) No full-time candidate presenting a subject listed in national policy at any grade for the Senior Certificate is excluded from the requirements of internal assessment practice.
- (3) The compilation of the internal assessment mark is not applicable to part-time candidates.
- (4) Full-time candidates presenting more than six (6) subjects for the Senior Certificate must fulfil all the requirements in respect of internal assessment for each additional subject.
 - (a) Each full-time candidate wanting to present a seventh and/or additional subject(s) for the Senior Certificate must obtain permission to do so from the Head of Department or his or her nominee and must comply with all internal assessment requirements.
 - (b) Full-time learners who wish to enroll for an elective or additional electives for the Senior Certificate, presented at a school or institution other than the school or institution where the candidate

is registered for the full Senior Certificate, must have the approval of the Heads of both institutions and such candidates must be internally assessed.

- (c) The centre of registration is that centre where the candidate is registered for the full Senior Certificate, and the Principal of such centre remains responsible for the reporting of the internal assessment mark of the candidate to the assessment body. It is the responsibility of the institution offering the subject or additional subjects to ensure that internal assessment results are forwarded to the institution where the candidate is registered.
- (5) The internal assessment mark for continuous assessment must count 25% and, where applicable, the performance assessment (practical) component must count a further 25% towards the final promotion mark or any other percentage determined from time to time. The relative weighting of the internal assessment mark towards the final promotion mark should be determined by national policy.
- (6) The absence of an internal assessment mark in any subject will result in the candidate registered for that particular subject receiving an “incomplete” result.

9. Compilation of the internal assessment mark: Norms and Standards

- (1) The compilation of the internal assessment mark must be done in accordance with the requirements of the applicable provincial internal assessment policy document. The provincial internal assessment policy document for each subject must take into account, and be based, on the National Guideline Document for the implementation of internal assessment.

- (2) All directives issued by the Council for Quality Assurance in General and Further Education and Training (Umalusi) in respect of internal assessment must be strictly adhered to.
- (3) The provincial internal assessment policy document for each subject must contain an explanation of the different components comprising the internal assessment mark, minimum requirements for each component in terms of frequency and nature and the relative weighting of each component in relation to the final internal assessment mark. Other conditions, as may be set, must also be adhered to.
- (4) With a view to ensuring some degree of control and promoting the authenticity of internal assessment practice, some components of the internal assessment mark may be administered in a controlled environment.
- (5) Learner portfolio:
 - (a) The learner portfolio must be a collection of the learner's work that was used to compile his or her internal assessment mark.
 - (b) Every learner must submit a portfolio per subject.
 - (c) The portfolio must contain all evidence used to calculate the learner's internal assessment mark in the subject.
 - (d) A portfolio must:
 - (i) Consist of five assessment components. The mark for each component will be derived from one or more assessment

tasks (e.g. two tests and the preparatory assessment are equal to one component, i.e. formal testing);

- (ii) Provide evidence for moderation;
 - (iii) Contain a range of assessment methods, including not more than one component of formal testing;
 - (iv) Utilise methods chosen to accommodate assessment of learning outcomes and to show competency; and
 - (v) Show progression in that assessment must provide evidence of the teaching and learning towards the attainment of the learning outcomes throughout the year.
- (e) All work must be evaluated, checked and authenticated before being taken up into the learner portfolio.

(6) Educator portfolio:

- (a) The educator portfolio must be a full and complete record of the interaction between the educator and learner in the particular subject.
- (b) Educators must submit a portfolio for every subject taught in respect of the Senior Certificate.
- (c) Failure to submit a portfolio must constitute an act of misconduct and will be dealt with in accordance with the *Employment of Educators' Act, 1998 (Act No. 76 of 1998)*.
- (d) Where two or more educators are responsible for the teaching of the same subject, each educator must present a separate portfolio.

- (e) The educator portfolio must be available when monitoring and moderation, at whatever level, take place.
- (7) Where the learner fails to comply with the minimum requirements of any component of the internal assessment mark, the following must apply:

In the event of a valid reason for compliance failure, the learner should be allowed the opportunity to redo the task or, where impractical, the mark for that particular component of the internal assessment mark will not be taken into consideration.

“Valid reason”, in this context, constitutes the following:

- (a) Medical reasons as supported by a valid medical certificate issued by a registered medical practitioner;
 - (b) Humanitarian reasons, e.g. the death of an immediate family member, if supported by valid written evidence;
 - (c) The learner appearing in a court hearing; supported by written evidence; or
 - (d) Any other reason as may be declared valid by the Head of Department or his or her nominee.
- (8) Learners must be reminded that the fabrication of evidence constitutes fraud.
 - (9) In the event of a learner failing to comply with the internal assessment requirements of a particular subject on the basis of valid reasons, evidence

of such valid reasons must be included in the learner portfolio for that subject.

- (10) Where the learner does not comply with the minimum requirements of internal assessment for a subject without a valid reason, a “0” (nought) is recorded and 0 is used in the compilation of the mark for the particular component of internal assessment as a whole (Annexure A).
- (11) A distinction must be made between the use of nought (0) in the event of a candidate not complying with the minimum requirements of internal assessment for a subject without a valid reason and a candidate not complying with the minimum requirements of internal assessment for a subject on the basis of a valid reason. This distinction has an impact on the calculation of the candidate’s final mark in respect of internal assessment.
- (12) Where the subject educator does not comply with the minimum requirements for internal assessment in the subject he or she is responsible for, and learners may be disadvantaged through no fault of their own, this constitutes an act of misconduct and must be dealt with in accordance with the provisions of the *Employment of Educators’ Act*. Such learners will be accommodated in terms of fair administrative practice and marks adjusted appropriately.

10. Monitoring and moderation of internal assessment: Norms and Standards

- (1) All internal assessment marks must be subjected to internal and external monitoring and moderation, as well as statistical moderation.
- (2) Monitoring is the process of determining whether the minimum requirements for internal assessment in a particular subject, in terms of components and frequency, have been adequately met.
- (3) Moderation is the process of adjudging whether minimum requirements of internal assessment in a particular subject, in terms of quality and standard, have been met adequately.
- (4) Independent schools, learning institutions and distance learning centres, preparing candidates for the Senior Certificate as administered by a provincial education department, must be registered as assessment centres with that provincial education department and must adhere to, and be subjected to, all monitoring and moderation procedures, regulations or other requirements.
- (5) All directives issued by Umalusi in respect of monitoring or moderation must be strictly adhered to.
- (6) Directives aimed at the provisioning of assistance to educators in ensuring greater authenticity to internal assessment may be issued by a provincial education department, as assessment body, as schedules or annexures to this policy.

CHAPTER 5

LEARNERS TO BE ASSESSED

11. Admission: General

Public and independent providers as well as assessment bodies must ensure that full-time and part-time Senior Certificate candidates are admitted by them for a final examination. To facilitate the process of policy formulation on assessment and related matters a provincial assessment body could be assisted by a provincial assessment board that would have an oversight role over all assessment processes in the province. A guideline to establish such an assessment board is contained in (Annexure B). All assessment bodies must comply with all requirements stated in this document.

12. Admission: Norms and Standards

(1) Full-time candidate

A full-time candidate who enters for the final examination must comply with the following requirements:

- (a) Enrolment for tuition as a full-time learner at a public/independent school or any other registered institution, offering a Senior Certificate course of study;
- (b) Enrolment for a Senior Certificate course of study that will be completed prior to the date of commencement of the examination;
- (c) Enrolment for six or more Senior Certificate subjects; and

- (d) Compliance with all internal assessment and oral and practical requirements where applicable.
- (2) A candidate may be enrolled at an institution as a full-time learner but may offer fewer than six subjects (Senior Certificate) (e.g. Finishing Schools). Such a learner, by virtue of his/her full-time attendance, shall fulfil all requirements of a full-time candidate in the subjects he/she is entering, in terms of continuous assessment and performance (practical) assessment.
- (3) To qualify for matriculation endorsement, full-time candidates for the Senior Certificate must, in accordance with the matriculation endorsement requirements as stipulated in the Matriculation Endorsement and Exemption Regulations, *Government Gazette, Vol. 426, No. 21805* of 1 December 2000, as amended in *Government Gazettes, Vol. 436, No. 22731* of 12 October 2001, *Vol. 448, No. 23900* of 11 October 2002 and *Vol. 459, No. 25506* of 26 September 2003, enter for at least six subjects at one and the same examination sitting. - (4) The entry of a full-time candidate who is registered at a public school and who does not attend school after registering for the final examination with sufficient regularity to complete the learning programmes and all internal assessment requirements may be cancelled unless the Head of Department is satisfied that candidate has valid reasons for not attending school. Such a candidate may be admitted to all assessment including the final examination.

- (5) A part-time candidate who registers for a Senior Certificate may enter for one or more subjects at each examination sitting, provided that he or she must have registered and sat for the Senior Certificate examination previously to qualify for registration in this 2008 May/June examination and/or subsequent May/June examinations.

 - (b) May retain credit for the subject or subjects he or she passed at 40% or better; and
 - (c) Will, where necessary, be deemed to have met the subminimum requirement of 20% in the sixth subject in one of the two examination sittings if he or she obtained more than 20% for the sixth subject in this sitting.

- (c) Once the NCS Grades 10 - 12 (General) has been implemented, learners enrolled for this curriculum will have to attain all the outcomes from Grade 10 - 12 in the selected programme. Considering this, Senior Certificate learners enrolling in 2004 for Grade 10 will also be compelled to complete the full Grade 10 - 12 programme for each subject enrolled to be examined in the 2005 final Senior Certificate examination and may therefore only be examined in the subjects offered in Grades 10, 11 and 12.
- (d) In 2004 candidates will only be allowed to be assessed in the subjects in Grade 11 that are additional to the six subjects to be assessed in the Grade 12 year.

This implies that a candidate can obtain the minimum promotion requirements in one, two or more subjects at one sitting, provided all other endorsement requirements are satisfied in the second sitting.

- (1) Assessment centres that do not comply with policy will be de-registered due to the following reasons:
 - (a) Physical relocation of the assessment centre from the premises approved by the assessment body to other premises. All assessment centres are required to operate in the premises, which, after inspection, were approved for this purpose by the assessment body.
 - (i) The following procedure should be followed when a centre relocates to new premises:
 - (aa) Should any centre relocate to new premises, their registration as an assessment centre lapses immediately and they will be forced to seek registration at the new premises from the provincial assessment body.

- (bb) In exceptional circumstances, and provided that the centre has an unblemished record as far as irregularities and administration is concerned, the Head of the Department may allow the centre to continue to operate for the current assessment year only, during which time the centre must apply for, and receive, assessment centre status in respect of the new premises. Should such permission be refused, or for any other reason not granted, the registration of the centre shall lapse forthwith.

 - (i) Assessment centres, where there is clear evidence that “ghost writers” were permitted, of collusion between Chief Invigilators/Invigilators and candidates, of question papers in the care of the centre being given to persons for perusal before the examination and related practices should be closed and the perpetrators prosecuted. It is not sufficient for an offending centre to re-shuffle personnel and to re-deploy another staff member to act as Chief Invigilator. Firm steps must be taken.
 - (ii) The following procedure should be followed when it is found that irregular practices took place at an assessment centre:
 - (aa) Competent authorities should investigate the above-mentioned irregularities.

- (ii) The following procedure should be followed when maladministration of an assessment centre occurs:

- (aa) The owner or management of such an assessment centre shall be made aware of the situation, in writing, of the situation and given an opportunity to set matters to rights.

- (bb) Should the maladministration of the centre continue, the centre may be placed on probation for a period determined by the Head of Department (not longer than one (1) assessment year) during which time, if the owner or management again demonstrates an inability to administer the process adequately during the probation period, the centre may be de-registered at the end of the assessment year.

(cc) The owner or management must be informed, in writing, of the intention of the Head of Department to de-register the centre and asked to furnish reasons why this should not be done. The owner or management may respond to this, whereafter the Head of Department may, in the best interests of candidates and the integrity of the process, decide to de-register the centre. Such a decision shall be final.

(d) The flouting of assessment policies and guidelines

(i) Assessment centres where assessment officials flout assessment rules and regulations and instructions issued by competent authority may be closed.

(ii) The following procedure should be followed when assessment policies and guidelines are flouted by an assessment centre:

(aa) Instances where it is alleged that assessment officials at centres flout assessment rules and regulations and/or instructions issued by competent authority shall be investigated.

(bb) Should substance be found to such allegations, the owner or management shall be warned in writing, specifying exactly the nature of the contravention of rules, regulations and instructions. The owner or management shall be given an opportunity to set matters to rights.

- (cc) Should the flouting of assessment policies and guidelines continue, the centre may be placed on probation for a period determined by the Head of Department (not longer than one (1) assessment year) during which time, if a further offence occurs, the centre may be de-registered at the end of the assessment year.
- (dd) The owner or management must be informed, in writing, of the intention of the Head of Department to de-register the centre and asked to furnish reasons why this should not be done. The owner or management may respond to this, whereafter the Head of Department may, in the best interests of candidates and the integrity of the process, decide to de-register the centre. Such a decision shall be final.

36. Appointment and duties of Chief Invigilators and Invigilators: Norms and Standards

- (1) The assessment body must formulate guidelines with regard to the appointment and duties of Chief Invigilators and Invigilators and ensure that all invigilators are appropriately trained (Annexure G).
- (2) In respect of admission of candidates to the examination room, Invigilators must ensure that every candidate produces his/her admission letter as well as proof of identity, preferably his/her official identity document, driver's license or passport on admission to the examination room. However, a full-time learner at a school needs to produce only his/her admission permit since it is assumed that the invigilators know the learner. Invigilators must enforce this admission requirement rigorously.

- (3) If a candidate fails to produce the required documentation, an irregularity will be declared and the candidate will be allowed to present the required documentation to the Invigilator after the examination, failing which the normal procedure pertaining to irregularities must be followed.

37. Reading time: Norms and Standards

- (1) A period of ten (10) minutes before the official commencement of the examination must be allowed for reading of the question paper over and above the reading of any instructions that may be necessary, but no writing may take place during this time.

38. Return of scripts: Norms and Standards

- (1) The return of scripts directly to the provincial head office or any other collection point, must be handled with the same care and security as the question papers, and therefore assessment bodies must have clear procedures that must be followed in the return of scripts (Annexure H).

39. Examination monitoring team: Norms and Standards

- (1) It is the responsibility of assessment bodies to develop and implement a monitoring policy and to implement such a system. Umalusi will verify the monitoring system and ensure that the outcome of the system is valid.
- (2) All assessment bodies must establish a structure to monitor examinations.

- (3) The monitoring team must visit the assessment centres while the examination is in progress and report on, amongst others, the following:
- (a) General management of the examination;
 - (b) Invigilation;
 - (c) Condition of examination rooms;
 - (d) Seating of candidates;
 - (e) Control of ten (10) minutes reading time; and
 - (f) Return of scripts.
- (4) The marking process, as described in paragraph 8, should also be monitored. The monitoring team should also visit the marking centres to observe the marking process.
- (5) The provincial department of education must determine the composition of the monitoring team. The monitoring team may include representatives from outside the provincial department of education so as to ensure the credibility of the monitoring team.

40. Examination monitoring team: Guidelines

- (1) The main function of the examination monitoring team is to ensure that the examination is conducted in accordance with the rules and procedures determined by the assessment body.

CHAPTER 8

THE MARKING PROCESS

41. Appointment of markers: Norms and Standards

- (1) Markers are appointed in terms of the Personnel Administration Measures (PAM) (Annexure I).
- (2) All selection panels should be chaired by the relevant provincial Head of Education or his or her designee, since the provincial education department is finally responsible for the appointment of markers.
- (3) In order to ensure that the information provided by the applicant for the position of marker is correct it must be verified by his or her employer. A person applying for the post of marker must be an educator currently offering the subject for which he or she applies in the FET band.

42. Appointment of markers: Guidelines

- (1) It is recommended that provinces should commence with this process early in the year so that adequate time is available for the verification of information and the actual selection procedure. Additional markers must be placed on a reserve list, in the event of appointed markers failing to report during the marking session.
- (2) The information as contained in the application form as prescribed by the relevant provincial department of education must be verified by district managers. If provinces are not satisfied with this method of verification, then all application forms should be accompanied by a sworn affidavit confirming the qualifications and experience of the applicant.

- (3) It is advised that persons appointed as markers fall under the *Employment of Educators Act, 1998 (Act No. 76 of 1998)* to ensure that provincial departments of education can exercise control over them.

43. Marking centres: Norms and Standards

- (1) Each assessment body must have criteria relating to the establishment and management of marking centres.

44. Marking centres: Guidelines

- (1) If the number of markers exceeds six hundred (600), a decentralised approach to marking should be adopted. Marking can be decentralised in terms of geographic regions or groups of subjects. If a subject is marked by more than one (1) venue, special measures must be taken to ensure a common standard of marking.
- (2) The marking venue must cater adequately for the needs of the marking personnel. The following aspects need to be considered before a marking venue is selected:
 - (a) Marking space;
 - (b) Catering facilities;
 - (c) Overnight accommodation (if required);
 - (d) Security;
 - (e) Prevention of access to unauthorised persons;
 - (f) Control centre; and
 - (g) ICT facilities.

- (3) The control section is the heart of operations at the marking centre. The operation of the control section can be divided into three (3) phases, viz.:

(a) Phase one:

This phase entails a stocktaking of all mark sheets and their respective scripts at the marking centre. All unregistered mark sheets/scripts are to be registered in a specific register.

(b) Phase two:

Chief Markers sign a control list when scripts are issued to them and when they return the scripts. (At this point it is possible to determine exactly how many scripts have not been marked/returned.)

(c) Phase three:

Mark sheets should be kept in a safe place and sent to the Chief Marker as soon as possible. During this phase, copies should be made of the completed mark sheets that have been returned by the Chief Markers. The original copy should be sent for data capturing. Control lists are checked at this stage to see whether Chief Markers have returned all the scripts.

45. Marking procedure: Norms and Standards

- (1) Marking procedure should be clearly formulated by the assessment body, taking into consideration the following (Annexure J):
 - (a) Marking question by question;
 - (b) Marking complete scripts;
 - (c) Staggered marking; and
 - (d) Marking at the termination of the examination, i.e. after all the question papers have been written.
- (2) When candidates need to answer only a selected number of questions from those given in a question paper, the marker should mark only the required number of questions in the order in which they appear in the answer script and delete the remaining answers.
- (3) All marks on mark sheets and any other official documents must be entered in ink. NO pencil marks will be allowed on mark sheets or official documents.
- (4) Provincial departments of education will release the marking memoranda and question papers of an examination of the previous year to interested parties not before the end of April the next year, as standard practice.

CHAPTER 9

PROCESSING OF MARKS

46. Processing of marks: Norms and Standards

- (1) An assessment body must establish or have access to a fully-fledged Information Technology component.
- (2) Mark adjustments are done by the assessment body in conjunction with Umalusi after the capture of the marks. The distribution of raw marks on a data set must be provided at the mark adjustment meeting. A set of graphs that represents the distribution of the raw marks and the adjusted marks is also required at this meeting.

47. Processing of marks: Guidelines

- (1) The computer system should be used to assist with the processing of marks and should provide an easy-to-use mechanism for the capture of marks. Direct capturing on the mainframe and decentralised printing should be done.
- (2) The computer system should use a uniform format when printing results taking into consideration that provinces have their uniqueness (e.g. different province names, signatures, etc.).
- (3) The marks obtained by learners, as reflected on the mark sheets, should be captured by specially trained staff. Verification of all data being captured, using the double capture method, is recommended.

- (4) With regard to the release of results, the release date shall be decided upon by the Council of Education Ministers (CEM) on the recommendation of the Heads of Education Departments Committee (HEDCOM) on an annual basis.

CHAPTER 10

RE-MARKING AND RE-CHECKING OF SCRIPTS

48. Re-marking and re-checking of scripts: Norms and Standards

- (1) A candidate may apply for the re-marking or re-checking of his or her examination scripts, within thirty (30) days of the official release of results by the MEC. This applies to the October/November 2007 examination and the May/June 2008 examination and all subsequent Senior Certificate examinations in 2009, 2010 and 2011.
- (2) A re-marking or re-checking fee will be determined by the MECs.
- (3) The prescribed fee must be communicated to the learners with the statement of results.

CHAPTER 11

VIEWING OF SCRIPTS

49. Viewing of scripts: Norms and Standards

- (1) The candidate and/or the candidate's parent/guardian or representative will, subject to the *Promotion of Access to Information Act, 2000 (Act No.2 of (2000))*, be allowed to view the script/s of the candidate concerned.
- (2) Viewing of scripts will therefore only be allowed under the following conditions:
 - (a) An application to view the script must be made in writing to the Head of Department in terms of the prescribed form of the regulations of the *Promotion of Access to Information Act, 2000 (Act No.2 of (2000))*, within thirty (30) days of the release of the remark results, providing clear reason(s) for the request;
 - (b) The script will be viewed in the presence of an examination official and may not be removed from the viewing room;
 - (c) No other document, except the script of the candidate, will be allowed in the room where the viewing takes place;
 - (d) No writing on the scripts during the viewing process will be allowed;
 - (e) The candidate and/or the candidate's parent/guardian or representative may request a copy of the script(s) at a tariff as

prescribed by the regulations of the *Promotion of Access to Information Act, 2000 (Act No.2 of 2000)* and levied by the relevant provincial department of education; and

- (f) The candidate and/or the candidate's parent/guardian will be given a period of seven (7) days to lodge an application for remarking after the viewing. The provincial department of education will respond to this application with a final decision on the matter within a period of not longer than thirty (30) days.

CHAPTER 12

DEALING WITH IRREGULARITIES

50. Dealing with irregularities: Norms and Standards

- (1) Assessment bodies must adopt the procedures relating to irregularities. Each assessment body must establish an Irregularities Committee to investigate, confirm and make recommendations to both the national and provincial Heads of Education regarding irregularities identified during the assessment process.
- (2) The following criteria must be followed regarding the issuing of a Senior Certificate to a candidate suspected of committing an irregularity:
 - (a) Firstly, it should be established whether the irregularity is due to the conduct of the learner or another person.
 - (b) If the learner is responsible for the irregularity, only those areas that can be proved to be irregularities can be dealt with, while the other areas must still be evaluated.
 - (c) If the irregularity is not due to the learner's action, the situation must be reconstructed to the previous position, i.e. the situation as it was before an irregularity was affected, and the marks allocated to the learner must be adjusted to the original position at the first possible opportunity.
 - (d) If the irregularity is in one of the papers of a subject, it will have an effect on the subject as a whole, but will not affect the other assessed subjects.

- (3) Candidates who attend an irregularity hearing have the right to legal representation.
- (4) Should a candidate decide to have legal representation, the Department of Education (Provincial) should be informed of this intention three (3) days before the hearing to allow the Department to ensure appropriate Departmental representation at the hearing.

51. Dealing with irregularities: Guidelines

- (1) As a guideline Annexure K provides an example how these criteria should be dealt with.

CHAPTER 13

SECURITY AND CONFIDENTIALITY

52. Security and confidentiality: Norms and Standards

- (1) Security of information and security of all venues utilised in the assessment process are of utmost importance. The assessment body must take all reasonable steps to ensure the security and confidentiality of the question papers, answer books/scripts, mark sheets and other assessment documents. At least the following areas of the examination process should, amongst others, be covered with at least the following effective security and confidentiality measures:
 - (a) The drafting of the question papers;
 - (b) The dispatching of the question papers to moderators;
 - (c) The printing of the question papers by accredited providers;
 - (d) The safeguarding of the printed question papers;
 - (e) The separate storage of final printed question papers and printed back-up question papers;
 - (f) The keeping of a register of all people entering/exiting the restricted examination administrative areas; and
 - (g) Record keeping of all question papers going out and answer scripts coming in.
- (2) There will be national prescription in respect of a security and confidentiality agreement relating to examination matters, which must be signed by all officials involved in managing and administering the examination.

- (3) All employees, including examiners and moderators, involved in the Senior Certificate examination, and having children of their own in Grade 12 must disclose information relating to their own children participating in the Grade 12 examination to the provincial department of education. The Head of the Department will make a decision with regard to the involvement of the official in the Senior Certificate examination for that year.

53. Security and confidentiality: Guidelines

- (1) The use of outside agents or institutions in the examination process is a provincial responsibility and issues relating to security, cost-effectiveness and capacity building within the province must be taken into consideration before an outside agency or institution is engaged.

CHAPTER 14

ACCESSIBILITY OF EXAMINATION INFORMATION

54. Accessibility of examination information: Norms and Standards

- (1) Examination answer scripts and related documentation such as mark sheets and attendance registers must be filed for at least six (6) months from the date on which results are released, and thereafter they may be shredded except in cases where litigation is still in process, for example scripts of candidates involved in irregularities.
- (2) Assessment bodies must use a good filing system for examination scripts and mark sheets, since access to these documents after the marking process may be necessary.

55. Accessibility of examination information: Guidelines

- (1) Scripts needed for re-checking, re-marking, finding of lost marks or resolving queries may be filed per subject, grade, paper, in centre order, etc.

CHAPTER 15

DOCUMENTS AND DOCUMENT CONTROL OF THE SYSTEM

56. Documents and document control of the system: Norms and Standards

- (1) Documents printed by the computer system are the responsibility of the provinces. The Head of the Assessment Directorate or his or her delegated officials must check the signatures and the descriptions on these documents.

57. Documents and document control of the system: Guidelines

- (1) Documentation on the results of the computer system is essential for use by the provinces and should be available to them. This information is used for reference purposes in order to maintain and further develop the system.

CHAPTER16

COPIES OF HISTORICAL CERTIFICATION RECORDS AND DATA RETENTION

58. Copies of historical certification records and data retention: Norms and standards

- (1) Copies of historical certification records are a national asset and are the responsibility of the national Department of Education. The original documents of the assessment and certification process will be part of the provincial filing system and subject to the *National Archives of South Africa Act, 1996 (Act No.43 of 1996)*.

59. Copies of historical certification records and data retention: Guidelines

- (1) Access to historical records is an integral part of the functioning of any assessment section. The provinces need computer infrastructures that can access the centralised database. The retention of these records is to be used for queries, combination of results and checking of fraudulent cases.

CHAPTER 17

MINIMUM REQUIREMENTS FOR A COMPUTER SYSTEM

60. Minimum requirements for a computer system: Norms and Standards

- (1) An assessment body must formulate the minimum requirements for a computer program used in the assessment process. A guideline to establish such minimum requirements is contained in Annexure L.

ANNEXURE A

ADMINISTRATIVE ISSUES RELATING TO CONTINUOUS ASSESSMENT (CASS) MARKS

1. INTRODUCTION

The following issues are addressed in this policy:

- The awarding of a 999 (absent)
- The awarding of a “0” and how it should be handled
- Procedure to be followed with candidates with pending our outstanding CASS mark.
- Measures to be taken with regard to learners that are unable to attend school for periods of the year.

2. PRESENTATION OF CASS MARKS

All learners offering a particular subject that requires a CASS component must present a mark.

The mark may be either a “0” (zero), or numeric 1 through to the maximum number of marks for that component, or a mark of 999 to indicate an absent. An outstanding mark initially indicated by a 777 means that the learner has an outstanding mark and the final result will therefore be withheld until the marks have been received.

Learners must be given a grace period to submit CASS tasks for evaluation (three weeks).

3. THE AWARDING OF A 999 (ABSENT)

A learner is awarded a 999 (absent) in the following cases:

3.1 The learner s not offering themselves for CASS

The definition of 999 (in the case of CASS) should be interpreted as “not offered”. A learner can only obtain a 999 if he or she did not offer ANY components of school-based assessment (SBA) without a valid reason. In other words, the learner attended school but did not do a single piece of work, or project, or never wrote an examination or test.

3.2 Incorrect registration

This is when a learner registered for the wrong subject and grades and it was detected too late to make corrections on the system. Then “999” will be indicated on the official mark sheet and a handwritten mark sheet must be completed for the learner for the correct subject or grade. (Prior permission must have been sought from the Examination Directorate in the province. A permission letter from the Examinations Directorate must be attached to the handwritten mark sheet.) A province will then be aware of handwritten mark sheets that must be completed for written papers.

3.3 Learners not part of the system any more

A “999” is indicated on the official mark sheet if for some or other reason a learner left the system after final registration. The learner may have left the school, passed away, re-located, or any other reason. In these cases the Department will know on which written paper mark sheets a “999” can be expected.

4. THE AWARDING OF A “0” ZERO MARK

A “0” zero mark can only be awarded to a learner if such a learner excused him or herself for any ONE or more of the CASS components and/or did not offer him or herself for evaluation **WITHOUT** a valid reason/s. In such cases a “0” zero mark will be allocated for that component.

5. A PENDING OR OUTSTANDING CASS MARK AND THE PROCEDURE TO BE FOLLOWED

Pending marks in the system are captured as a “777” which indicate an outstanding mark. These problems must be solved as soon as possible and the “777” must be replaced with either a mark or a “999” (absent). (A “0” is regarded as a mark.)

If no CASS marks with an accepted explanation are submitted within the timeframe mentioned, it will be assumed the learner did not present him or herself for CASS and the “777” will be changed to “999” or absent.

Should this happen, Senior Certificate learners will have to register again for that subject in the new examination cycle, and if they successfully complete the assessment, a combination of results can be requested.

If a learner completed the CASS portfolio, but failed to write or to pass the written paper, the learner must be given the opportunity in the next cycle to write the examination and the CASS and written marks may then be combined for resulting.

No mark, whether written or CASS, may remain in the system for longer than three (3) years. Should a learner not achieve a full result within three years after

either the CASS or written mark was captured, the marks of that subject must be removed from the system.

6 THE COMPILATION OF CASS MARKS

Example (for purposes of illustration):

CASS components of learning area XXX:

	Component 1	Component 2	Component 3	Component 4	Component 5
Max marks	5	5	30	20	40

Scenario 1:

CASS components of learning area XXX with learner's marks:

	Component 1	Component 2	Component 3	Component 4	Component 5
Max marks	5	5	30	20	40
Learner	Did not offer (No valid reason)	Did not offer (No valid reason)	Did not offer (No valid reason)	Did not offer (No valid reason)	Did not offer (No valid reason)

This scenario is highly unlikely, however, should there be such learners the Principal/Teacher must provide a written motivation to the relevant assessment body as to the reasons why the learner did not offer him/herself for evaluation and in such case a final mark of 999 (absent) must be awarded. (See paragraph 3).

Scenario 2:

CASS components of learning area XXX with learner's marks:

	Component 1	Component 2	Component 3	Component 4	Component 5
Max marks	5	5	30	20	40
Learner	4	Did not offer (No valid reason)	16	Did not offer (No Valid reason)	20

$$\begin{aligned}\text{CASS mark} &= (4+0+16+0+20)/(5+5+30+20+40) \\ &= 40/100 \\ &= 40\%\end{aligned}$$

Once a learner has offered any ONE or more of the CASS components, he or she MUST receive a CASS mark, calculated as follows:

- Components that the learner offered: Award a mark (could also be a “0”).
- Components that the learner did not offer **WITHOUT** valid reasons: Award a “0” mark.
- A 0 can only be awarded if a learner offered at least ONE component but failed to obtain any marks in any of the components that he or she offered.

Scenario 3:

CASS components of learning area XXX with learner's marks:

	Component 1	Component 2	Component 3	Component 4	Component 5
Max marks	5	5	30	20	40
Learner	4	Did not offer (Valid reason given)	16	Did not offer (Valid reason given)	20

$$\begin{aligned}\text{CASS mark} &= (4+16+20)/(5+30+40) \\ &= 40/75 \\ &= 54\%\end{aligned}$$

Once a learner has offered any ONE or more of the CASS components, he or she MUST receive a CASS mark, calculated as follows:

For those components that the learner did not offer **WITH** valid reasons; disregard the specific component and scale the remaining components to equal that of the full CASS component.

Valid reasons accepted will be:

- No teacher available to evaluate or;
- Trauma (This will only apply where a learner could not present him or herself for evaluation due to trauma and no alternative assessment could be conducted).

7. COMPLETION OF CASS MARK SHEETS

The following information is important and must reach every Assessment Centre and Regional, District or Area Office:

When the completed mark sheets are collected, the examination officials at Regional, District, Area level must check that:

- Each learner's results have been properly moderated and correctly entered;
- The teacher, principal and moderator have signed each mark sheet;
- That their printed names are clearly legible;
- An imprint of the school stamp appears on each mark sheet;
- The $\sqrt{\quad}$ /a column of each mark sheet has been completed;
- That every learner that appears on the mark sheet has been allocated a mark (or is marked absent) a = 999, and a "0" is a mark, (Whenever a 999 or 0 is given to a learner a comprehensive report from the principal must be attached to the mark sheet to justify the mark given);
- The Hash Total (i.e. the total of the moderated marks) has been correctly added and inserted in the correct columns, (999 adds as nine hundred and ninety nine); and
- That under no circumstances whatsoever changes are made to the names, ID number., examination number, grades, totals, etc. on any mark sheet. A 777 will be indicated where a learner's CASS mark is outstanding.

Handwritten mark sheets for CASS-, Oral-, Creative writing and Practical marks are to be completed for every learner who does not appear on the official mark sheets, provided these cases were reported previously to the Examination Section and that a suitable written explanation accompanies every handwritten mark sheet. **All mark sheets are to be completed in black ink.**

8. STATISTICAL MODERATION OF CASS MARKS

Learners whose CASS marks are missing or have not been finalised at the time of statistical moderation, are removed from the moderation process. The examination results for these learners are initially left out of the moderation process, and the moderated marks are calculated at a later stage using information from the rest of the group.

Learners with CASS marks lower than 25% (or 0 CASS marks) must not form part of a school's statistical moderation process. Such learners' CASS marks must remain un-adjusted (raw CASS marks).

CASS marks must be captured as submitted, taking the above into account. Learners with a 999 (Absent) will therefore receive an "absent" for that subject and the result will be calculated in terms of the remaining subjects.

ANNEXURE B

ASSESSMENT BOARD

1. INTRODUCTION

The provincial assessment board, which should be representative of the various stakeholders and role-players in education, assumes an essential role in the assessment process in the province. A provincial assessment board can only assume responsibility for assessment once it has been established in accordance with the legislation of the province.

2. FUNCTIONS OF THE ASSESSMENT BOARD

- (1) The assessment board may have the following functions:
 - (a) To facilitate the process of policy formulation on assessment and related matters; and
 - (b) To advise the Head of Department on all matters relating to assessment.

3. SUGGESTED COMPOSITION OF THE ASSESSMENT BOARD

- (1) The composition of the Board could be as follows:
 - (a) The Head of Education in the province (Chairperson) or his or her designated nominee.

- (b) Representative/s from the following stakeholders and role-players:
 - (i) Provincial assessment directorates;
 - (ii) Other directorates in the department of education involved in assessment;
 - (iii) Heads of Institutions;
 - (iv) Teacher unions;
 - (v) School governing bodies;

 - (a) Two ordinary meetings of the board should be held annually on dates and places determined by the Head of Education.
 - (b) The Head of Education may convene a special meeting if deemed necessary.

- (c) At least fourteen (14) days' notice should be given for all ordinary meetings.
- (d) In the absence of the Head of Education, the Acting Head or Deputy Head of Education may act as chairperson.
- (e) The Executive Committee should consist of the Head of Education, the Deputy Head of Education, the Head of Assessment and the Secretary.
- (f) A quorum should consist of fifty (50) per cent of the members of the board.
- (g) Meeting procedures:
 - (i) At least thirty (30) days prior to the date determined for an ordinary meeting, a written notification should be given to members requesting items for inclusion on the agenda. The response to such a request must be submitted to the secretary in writing, within ten (10) days of the date of such notification.
 - (ii) An urgent matter, which is not included on the agenda, may, however, be submitted to an ordinary meeting, and may be dealt with providing none of the members present raises an objection.
 - (iii) Notice of a special meeting should be given at least seven (7) days prior to such a meeting. The agenda for such a meeting should be specified in the notice of the meeting, and no other matter may be discussed at the meeting.

- (iv) The report of the Executive Committee may be submitted to the board by the Chairperson of the Executive Committee or by such a member of the committee as the chairperson may determine.

- (vii) The decision of the chairperson on any question of order or procedure will be binding unless challenged immediately by a member, in which case it shall be put without discussion to the meeting, whose decision shall be final.
- (viii) A decision of the board may not be changed or recalled within fifteen (15) months except by a majority of two thirds of the members present.
- (h) Subsistence and travelling allowances, based on the prevailing tariffs, should be paid to members of the board for attendance of meetings.

- (i) Representatives on the board should be appointed for a period of three (3) years and members should be eligible for re-appointment.
- (j) Resignations from the board should be submitted in writing to the secretary.

ANNEXURE C

AN EXCERPT FROM THE PERSONNEL ADMINISTRATION MEASURES

4.2 In addition to the general criterion referred to in paragraph 27(4), the following criteria should apply with regard to the selection and appointment of examiners (for the setting and moderation of question papers and accompanying memoranda) and internal moderators:

- (a) Advertisements for the posts of examiners and internal moderators should be included in a departmental circular or provincial gazette as well as in the national and/or local press.
- (b) A selection panel shall be appointed by the Department of Education. Teacher unions, that are members of the Education Labour Relations Council, shall be allowed observer status on such a panel.
- (c) The following criteria will apply in respect of the selection and appointment of candidates:

The appointee must:

- (i) have at least a recognised three-year post matric qualification that must include the subject concerned at second or third year level;
- (ii) have extensive experience as an educator in the particular subject or in a related area and at least two (2) years' teaching experience within the last five (5) years at the appropriate level; and
- (iii) have experience as a marker.

- (d) In addition to the above criteria, preference should be given to serving school- and college-based educators.

ANNEXURE D

INDIVIDUAL EXAMINER/PANEL OF EXAMINERS

1. INDIVIDUAL EXAMINER

- (1) If an individual examiner is tasked with the responsibility of setting a question paper for a certain subject on a particular grade, then a small reference group comprising teachers and subject advisors may be appointed to advise the examiner on:
 - (a) The possible format of the paper;
 - (b) Certain variations that may exist locally;
 - (c) The latest developments in the teaching of the subject; and
 - (d) How this should impact on the setting of the question paper.
- (2) It is advisable that the examiner be in contact with the school context. It is also important that learners and educators are informed about the format of the question paper. This can be done through a guideline document that is circulated to all schools.

2. PANEL OF EXAMINERS

- (1) It is advantageous to appoint two or three examiners to set a particular question paper for the respective grades on which the paper is to be written. This allows for the perspectives of two or three experts in the particular subject to be utilised in the setting of the question paper, which

is, after all, the most important aspect of the entire examination. If there are only two grades in a subject, the other possibility would be to appoint one additional examiner and increase the panel to three (3) persons responsible for the setting of the two papers.

- (2) It is also suggested that, in the case of subjects like the languages, Geography, etc. where more than one paper is written, examiners appointed to set each of the individual papers for the particular grades, form a panel and work collectively in setting all the papers for the subject. Another advantage of the panel system is that it allows for capacity building by including one or two persons who lack prior experience in the setting of question papers. If a panel of examiners is used it is important that a Chief Examiner be appointed. The Chief Examiner takes final responsibility for the quality and standard of the question paper.

ANNEXURE E

PROCESSING OF EXAMINATION QUESTION PAPERS

1. TYPING OF QUESTION PAPERS

- (1) A team of selected personnel, not exceeding four to five typists and supervised by a chief typist, may carry out the typing of question papers. They may do their work on personal computers not linked to an external network and all their work should be done in a restricted area. This task should be supervised by a senior staff member, i.e. one of the officials in the department who has access to the question papers. The hard disks should be cleared and transferred to stiffy disks which must then be locked away on a daily basis.

2. EDITING OF QUESTION PAPERS

- (1) Language editing may be carried out by specially appointed language editors. Alternatively, this function may be carried out by a select group of subject advisors who should also complete the Contract of Confidentiality document. The final editing should be the task of the Chief Examiner and he/she, together with the internal moderator (where possible), should sign to certify that he/she has checked the question paper in every respect and that the question paper is ready for printing.

3. PRINTING OF QUESTION PAPERS

- (1) Assessment bodies should invest in a building with proper security that can be used for typing, printing, packaging and storage. All assessment activities may then be carried out in this safe building, which allows

access to certain persons only. Therefore, in terms of printing, assessment bodies should move to establishing in-house printing facilities. Where in-house printing is done, the persons involved in the printing may also be involved in the packaging. The printing process must be carried out under close supervision of a senior official. If the examiner/senior examiner lives in close proximity to the printing venue, he/she should be contacted to inspect the first batch of printed question papers personally, before the total number of question papers is printed. Alternatively, a senior official may be entrusted with the task of approving the quality and standard of the first batch of printed question papers.

- (2) Where assessment bodies choose to use external agencies for the purpose of printing, the agency concerned should be fully investigated by the assessment body to ensure that, *inter alia*, strict security measures are in place, and the quality of the printing is good. Assessment bodies should, however, attempt to move away from the use of external printers and seek to build capacity in the province.

1. De-registration of Assessment Centres

Assessment centres that do not comply with policy as stipulated in the *National policy on the conduct, administration and management of the assessment of the Senior Certificate*, will be de-registered.

1.1 Reasons for de-registration of Assessment Centres:

- 1.1.1 Physical removal of the assessment centre from the premises approved by the assessment body;
- 1.1.2 Intentional undermining of the integrity of the assessment;
- 1.1.3 Maladministration; and
- 1.1.4 Flouting of policies, regulations and guidelines.

- 1.1.1 Physical removal of the assessment centre from the premises approved by the assessment body

All assessment centres are required to operate in the premises that were approved for this purpose by the assessment body. Where relocation does occur, the new premises must again be inspected by the relevant provincial department of education for evaluation as assessment centre.

No assessment centre may consider relocation within or less than sixty (60) days before the commencement of the final Senior Certificate examination.

Where relocation of a independent centre is unavoidable because of external factors (e.g. a natural disaster), the following must be strictly adhered to:

- The Head of Department must immediately be informed in writing of the enforced relocation.
- Learners and parent(s) or guardian(s) must be informed.
- The independent centre is obliged to ensure the presence of proper notices at the old centre clearly indicating, *inter alia*, the location of the new venue, the name of a contact person and a telephone number for the contact person.
- The relevant provincial department of education will ensure the publication of such information in the printed/ electronic media.

1.1.1.1 **Procedure to follow when a centre relocates to new premises**

- (a) Should any centre relocate to new premises, their registration as an assessment centre lapses immediately and they will be forced to seek registration at the new premises from the assessment body.
- (b) In exceptional circumstances, and provided that the centre has an unblemished record as far as irregularities and administration is concerned, the Head of Department may allow the centre to continue to operate for the current final exit assessment year only, during which time the centre must apply for, and receive, assessment centre status in respect of the new premises. Should such permission be refused, or for any other reason not granted, the registration of the centre shall lapse forthwith.
- (c) Should this process stretch over the year end, no new candidates may be registered until a decision is taken on the registration of the centre.

- (d) The onus is on the Chief Invigilator (centre manager/ principal) to inform the Head of Department timeously of his or her intention to move.
- (e) The Head of Department shall inform the chief invigilator, in writing, of the course to be followed.
- (f) If the application for the registration of the centre is unsuccessful, the Head of Department shall inform the Chief Invigilator of the lapse in the registration of the centre.
- (g) The Chief Invigilator shall have the right to respond to the decision and furnish reasons why they believe the centre should not be de-registered.
- (h) The Head of Department shall consider such representation and make a final decision. This decision must be conveyed to the Chief Invigilator, in writing. The decision is final.

1.1.2 Intentional undermining of the integrity of the examination

Assessment centres where there is clear evidence that there were “ghost writers” permitted, of collusion between Chief Invigilators/Invigilators and candidates, of question papers in the care of the centre being given to persons for perusal before the examination and related practices SHOULD be closed and the perpetrators prosecuted. It is not sufficient for an offending centre to re-shuffle personnel and re-deploy another staff member to act as Chief Invigilator. Firm steps must be taken.

1.1.2.1 Procedure to follow when it is found that irregular practices took place at an assessment centre:

- (a) Competent authorities should investigate the above-mentioned irregularities.
- (b) If clear evidence emerges from such investigations, disciplinary action should be instituted and steps taken to de-register the centre.
- (c) The Chief Invigilator must be informed, in writing, of the intention of the Head of Department to close the centre due to the incidence of irregularities.
- (d) The Chief Invigilator shall be asked to furnish a motivation why the centre should not be closed.
- (e) The Head of Department shall consider such representations and, in the best interests of the integrity of the examination, take a decision whether or not to close the centre. Such a decision shall be final.

- (f) The decision must be communicated in writing to the chief invigilator.

1.1.3 Maladministration

Assessment centres may be de-registered if their maladministration results in any disadvantage to candidates, affects the integrity of the examination or impacts negatively on the ability of the assessment body to render a service.

The relevant provincial department of education reserves to take over the administration of the independent centre as stated in this service contract.

1.1.3.1 Procedure to follow when maladministration of an assessment centre occurs

- (a) The Chief Invigilator of such an assessment centre shall be warned, in writing, of the situation and given an opportunity to set matters to rights.
- (b) Should the maladministration of the centre continue, the centre may be placed on probation for a period determined by the Head of Department (not longer than one (1) examination year) during which time, if the Chief Invigilator again demonstrates an inability to administer the process adequately, the centre may be de-registered at the end of the examination year.
- (c) The Chief Invigilator must be informed, in writing, of the intention of the Head of Department to de-register the centre and asked to furnish reasons why this should not be done. The Chief Invigilator may respond to this, whereafter the Head of Department may, in the best interests of candidates and the integrity of the process, decide to de-register the centre. Such a decision shall be final.

1.1.4 The flouting of assessment policies, regulations and guidelines

Assessment centres where assessment officials flout rules, regulations and instructions issued by competent authority may be closed.

1.1.4.1 Procedure to follow when maladministration of an assessment centre occurs

- (a) Instances where it is alleged that assessment officials at centres flout assessment rules and regulations and/or instructions by a competent authority shall be investigated.
- (b) Should substance be found to such allegations, the Chief Invigilator shall be warned in writing, specifying exactly the nature of the contravention of rules, regulations and instructions. The Chief Invigilator shall be given an opportunity to set matters to rights.
- (c) Should the flouting of assessment policies and guidelines continue, the centre may be placed on probation for a period determined by the Head of Department (not longer than one (1) examination year) during which time, if a further offence occurs, the centre may be de-registered at the end of the examination year.

- (d) The Chief Invigilator must be informed, in writing, of the intention of the Head of Department to de-register the centre and asked to furnish reasons why this should not be done. The Chief Invigilator may respond to this, whereafter the Head of Department may, in the best interests of candidates and the integrity of the process, decide to de-register the centre. Such a decision shall be final.

Steps are to be taken to ensure that candidates do not receive more answer books than they require. Where more than one (1) answer book is used, every answer book is to be numbered to indicate the number of the answer book and the total number of answer books handed in, e.g. 1 of 1 (only one answer book was handed in), 2 of 3 (the second answer book of a total of 3), etc.

6. HANDLING OF EXAMINATION QUESTION PAPERS

- (1) Before the examination commences, the chief invigilator is to draw the attention of all candidates to:
 - (a) The main instructions on the examination timetable and on the answer books; and
 - (b) The fact that no recognition will be given to answer scripts or any other answer sheets which candidates omit to hand in immediately on conclusion of the examination session in the paper concerned.
- (2) After the question papers have been distributed to candidates, the invigilator must ask the candidates to go through the question paper with him or her, page by page, checking it against the certified copy, to ensure that on each page:
 - (a) The number of the page is correct;
 - (b) The name of the examination paper is the same on each page; and
 - (c) The frame/border around the printed matter is complete.
- (3) Invigilators are to check against a control list (mark sheet) that every candidate has received the correct question paper for the subject and level at which the candidate entered. A question paper is thus not to be issued simply on the show of hands.
- (4) Invigilators may not, on any account, read aloud to a candidate any question or part of a question, or draw attention to any error which he/she may have observed in any of the examination questions unless an errata is

included in the question paper. They may not respond to any enquiry from a candidate in a manner that would be regarded as an explanation of the question.

7. INVIGILATION

- (1) Invigilators must ensure that candidates write their correct identity numbers/examination numbers on their scripts.
- (2) Chalkboards must be cleared of all writing, drawings, etc.
- (3) Each session must commence and terminate according to the time specified on the examination timetable.
- (4) An invigilator may not knit, read, mark or do any work that will hamper him/her in the execution of his/her duties as invigilator. Cellular phones may not be used under any circumstances.
- (5) An invigilator may not sit down but must move around the examination room without disturbing the candidates.
- (6) An invigilator may not help a candidate with the answering of any examination question or explaining any "unclear" part of the examination paper to the candidate.
- (7) An invigilator may not invigilate a subject which he/she teaches in any grade except where the subject demands it, e.g. Computer Studies, Technical Drawing, Computyping, etc.
- (8) Invigilators may not speak to one another or cause a disturbance to candidates.

- (9) Invigilators may not leave the examination room or leave the candidates unattended.
- (10) An invigilator must position him or herself inside the examination room facing the candidates and may not invigilate from outside the examination room looking through the windows.
- (11) Invigilators may not allow candidates to copy.
- (12) Copies of question papers may not be given to anybody outside the examination room nor may they be taken out before the session has ended and the candidates have left the room.
- (13) Invigilators must adhere to the special examination requirements of certain subjects.

8. PACKING OF THE SCRIPTS BY THE INVIGILATORS AFTER EACH SESSION

- (1) Invigilators should:
 - (a) Check that candidates who were present and wrote the paper are marked present and those who were absent are marked absent.
 - (b) Arrange the scripts which belong to a specific mark sheet in numerical order according to the examination numbers appearing on the mark sheet, e.g. if there are hundred and fifty (150) candidates, there should be three (3) mark sheets and three (3) piles of scripts.
 - (c) Place the mark sheet that belongs to a pile of scripts on top of the pile of scripts.

- (d) Wrap the scripts and the mark sheets and write down the centre number, subject (First or Second Language), and the number of scripts on the wrapper. Consideration should also be given to sealing scripts on return.
- (e) Make sure that all the scripts are handed in and that each parcel of scripts is accompanied by its relevant mark sheet.
- (f) Deliver the scripts to the district/circuit office or the official responsible for the collection of the scripts. Scripts should be returned to the district/circuit office on a daily basis.

9. DEALING WITH MARK SHEETS

- (1) This is one of the most important documents and it is of vital importance to the examination process. It must be completed correctly by the invigilators on duty in the examination room. The following should be noted about mark sheets:
 - (a) There must be at least one (1) mark sheet for each subject written at a centre.
 - (b) Different mark sheets are provided for languages.
 - (c) If there are more than fifty (50) candidates writing a certain subject, there should be more than one (1) mark sheet. (One mark sheet is used for every fifty (50) candidates or part thereof.)
 - (d) The examination numbers of the candidates should appear on the mark sheets.

- (e) It is imperative that mark sheets are accompanied by the correct set of scripts.
- (f) The ONLY “writing” which invigilators should include on the mark sheet, is the completion of the "absent/present" columns.
- (g) All mark sheets must be returned to the provincial head office via the regional/district/circuit office concerned, even if none of the candidates wrote the particular paper.
- (h) Under no circumstances should information be added to the mark sheet.
- (i) Information appearing on a mark sheet may not be deleted or changed.

ANNEXURE I

AN EXCERPT FROM THE PERSONNEL ADMINISTRATION MEASURES

“4.3 In respect of an examination paper where no suitable candidate can be recruited with the set minimum qualifications or experience, the Head of Education concerned may approve the appointment of a suitable candidate with other appropriate post school qualifications or with less than the required experience, after consultation in this regard with the relevant teacher unions. The final decision with regard to the appointment of examiners and internal moderators rests with the Head of Department.” (*Personnel Administration Measures (PAM)*, pp. 104 & 105).”

Markers are appointed in terms of the Personnel Administration Measures (PAM) the criteria for the appointment of markers are as follows:

“4.4 The criteria to qualify for appointment as markers (including Senior Markers, Deputy Chief Markers and Chief Markers) should, in addition to those referred to in paragraph 4.1 of the PAM document, include the following:

- (1) A recognised three-year post school qualification, which must include the subject concerned at second or third year level or other appropriate post matric qualifications;
- (2) Appropriate teaching experience, including teaching experience at the appropriate level, in the subject concerned;
- (3) Language competency; and
- (4) In addition to the above criteria, preference should be given to serving educators who are presently teaching the subject concerned.

The provision in paragraph 4.2 of the PAM document for the relaxation of requirements in respect of qualifications and experience also applies in respect of these appointments.

The selection of markers for a specific examination question paper should be carried out by a panel comprising:

- the Chief Examiner;
- relevant departmental officials; and
- teacher unions (as observers).” (*Personnel Administration Measures (PAM)*, p.105).

ANNEXURE J

MARKING PROCEDURE

1. Marking can either commence at the termination of the examination or a staggered approach can be adopted where marking commences while the examination is in progress. In this approach the scripts are marked soon/immediately after they are written. The advantage of this approach is that it removes the pressure associated with marking at the end of the examination and the problems associated with assembling a large number of markers during a stipulated period at three (3) or four (4) marking centres. However, this approach to marking has implications for schools as markers are withdrawn from schools while the school internal assessments are in progress. It also has repercussions relating to the conditions of service of educators, since marking is done during the school term.
2. The marking procedure in terms of the different subjects should be left to the Chief Examiner. “Script marking” may be used in certain subjects, rather than “question marking”. The “question marking” approach creates logistical problems but it is advantageous in contributing to standardisation in the marking process.

assessment centre at which the examination should have been conducted and arrange through the regional office or area project office for the transfer of that candidate's answer script.

- (d) Where an answer script is lost, the matter must be referred to Umalusi to decide the most appropriate course of action.
- (4) Initial procedures in respect of examination irregularities stemming from misbehaviour or willful disobedience regarding regulations or instructions issued during an examination:
- (a) The invigilator, in all cases, must immediately bring the specific examination irregularity to the attention of the Chief Invigilator.
 - (b) The Chief Invigilator must then offer the candidate suspected of an irregularity the opportunity to make representations, either in writing or verbally, in the presence of the invigilator. If the Chief Invigilator, after considering the facts, finds that such an irregularity has indeed occurred, he or she must submit the matter to the Assessment Irregularities Committee for processing.

 - (dd) Such material must be attached to the confiscated answer script, which then becomes the property of the relevant provincial department of education and neither the candidate nor his or her parents or guardians have the right to demand its return.

- (ee) The invigilator must then give the candidate a new answer script. This answer script must also be endorsed, this time with the words “NEW ANSWER SCRIPT” together with the time of issue.
- (ff) The candidate must be informed that the fact that he or she is allowed to continue with the examination does not serve as a condonation of his or her contravention of examination regulations and that a written report will be submitted to the Chief Invigilator at the conclusion of the examination and that the incident will be reported to the Assessment Irregularities Committee of the relevant provincial department of education.
- (gg) The invigilator must not allow any additional time to compensate for time lost in the course of detecting and processing the examination irregularity.
- (hh) The invigilator, following the completion of the examination, must immediately submit a full written report to the Chief Invigilator concerning the irregularity together with a report from the Principal of the school or learning institution where the examination is in progress.

The candidate should sign a document as an acknowledgement to that effect.
