CHAPTER 12

PROCEDURES FOR DEALING WITH ALLEGED IRREGULARITIES

57. Procedures for dealing with Alleged Irregularities in respect of Internal Assessment

Procedures in respect of Candidates

- (1) Internal assessment irregularities involving learners must be dealt with at the level of the school or learning institution by the School Assessment Irregularities Committee (SAIC) in accordance with the policy provided by the assessment body.
- (2) Where the candidate does not comply with the minimum requirements of any component of the Internal assessment mark, the following applies:
 - (a) In the event of a valid reason for failure to comply, the candidate must be allowed the opportunity to redo the task. “Valid reason”, in this context, constitutes the following:
 - (i) Medical reasons as supported by a valid medical certificate issued by a registered medical practitioner;
 - (ii) Humanitarian reasons, e.g. the death of an immediate family member, supported by valid written evidence;
 - (iii) The learner appearing in a court hearing, supported by written evidence; or
 - (iv) Any other reasons that may be considered valid by the Head of Department or his or her nominee.
 - (b) Candidates must be reminded that the fabrication of evidence in general and especially in respect of the stipulations of regulation 56(2)(a) above constitutes fraud.

- (c) Where a candidate does not comply with the minimum requirements for Internal assessment in a subject but submits a valid reason, evidence of such valid reasons must be included with the learner portfolio for that subject.

Procedures in respect of Examination Officials

- (3) All alleged irregularities in respect of Internal assessment involving examination officials must be reported to the provincial Head of Department or his or her nominee by the Head of the Institution. Recurring cases must be reported to the National Examinations Irregularities Committee (NEIC).
- (4) Internal assessment irregularities involving educators constitute an act of misconduct and must be dealt with in accordance with the *Employment of Educators' Act*.
- (5) Internal assessment irregularities involving officials employed in terms of the *Public Service Act* also constitute an act of misconduct and must be dealt with in accordance with the relevant Public Service Regulations.
- (6) In the case of independent schools or learning institutions registered as examination centres with the relevant provincial department of education, the relevant clauses of the Service Contract entered into with the particular examination centre must be applied.

58. Procedures in respect of Irregularities identified during the Planning and Preparatory Phase of the External Examination

- (1) The Head of Department or his or her nominee may immediately suspend an examination official who contravenes any of these regulations, and the matter must be dealt with in accordance with the *Employment of Educators' Act* or in terms of the *Public Service Act*, or any other relevant legislation.

- (2) Examination irregularities identified as having occurred before the question paper is written may include the leakage of the question papers set at provincial or national level.
- (a) The first step in such a case is to determine the extent of the leakage, which must be determined by the Provincial Examinations Irregularities Committee (PEIC) or by a team delegated by the PEIC.
 - (b) In the case of a provincial question paper, if the leakage is widespread, the relevant provincial department of education must arrange for the question paper to be rewritten on an appropriate date that is suitable for all affected candidates. If the irregularity is confined to a single or a few assessment centres, then it may be recommended to the Head of Department that the action taken be limited to those affected examination centres. The decision in this regard must be made by the Head of Department and the MEC.
 - (c) In the event of the leakage of a national question paper, the Director-General of the Department of Education and the Minister of Education should decide on the most appropriate course of action.
 - (d) The Provincial Examinations Irregularities Committee (PEIC) must institute a full investigation to ascertain the source of the leakage. The South African Police Services (SAPS) and other investigation experts may be included in the investigation process. All evidence collected must be clearly documented for presentation to the Provincial Examinations Irregularities Committee (PEIC).
 - (e) Any other assessment irregularity identified prior to the writing of the question paper, which may impact on the integrity of the examination must be dealt with prior to the question paper being written.

59. Procedures in respect of Examination Irregularities identified during the Conduct of Examinations

- (1) The Head of Department or his or her nominee may immediately suspend an examination official, who contravenes any of these regulations, and the matter must be dealt with in accordance with the *Employment of Educators' Act* or in terms of the *Public Service Act*, or any other relevant legislation.
- (2) Examination irregularities stemming from misconduct or wilful disobedience regarding regulations or instructions issued during an examination must be dealt with as follows:
 - (a) In all cases the Invigilator must immediately bring the specific examination irregularity to the attention of the Chief Invigilator;
 - (b) The Chief Invigilator must then offer the candidate suspected of an irregularity the opportunity to make a representation, either in writing or verbally, in the presence of the Invigilator.
 - (c) If the Chief Invigilator, after considering the facts, finds that such an irregularity has indeed occurred, he or she must submit the matter to the Provincial Examinations Irregularities Committee (PEIC) for further investigation and a decision;
 - (d) In the event of a candidate persistently refusing to co-operate, the Chief Invigilator must request the candidate suspected of an irregularity to leave the examination room.
 - (e) The answer script must be removed from the candidate's possession and a note made of the date and exact time of its confiscation. Should the candidate refuse to leave, the Chief Invigilator may call upon the South African Police Services to assist;

- (f) If the candidate agrees to co-operate, the Chief Invigilator must allow him or her to continue with the written examination, in which case a new answer book with the date and exact time of issue noted thereon, must be provided; and
 - (g) The Chief Invigilator must forward his or her report, together with a report from the Invigilator on duty at the time of the alleged irregularity, the candidate's representation and a written account of events or any statement or exhibit, to the Provincial Examinations Irregularities Committee (PEIC).
- (3) In the case of assessment irregularities identified while the question paper is being written, the following procedure should be applied:
- (a) The Invigilator must remove the candidate's answer script and write the word "IRREGULARITY" on the front outside cover page and the type of irregularity, date, time and place of the irregularity;
 - (b) The words "Answer script confiscated on...at...hours" must be written on the outside cover page in bold print;
 - (c) The Invigilator must take possession of any unauthorised or incriminating material such as notes or any other object used directly or indirectly or in the possession of the candidate that may have been used to commit the irregularity;
 - (d) Such material must be attached to the confiscated answer script, which then becomes the property of the relevant assessment body and neither the candidate nor his or her parent(s) or guardians have the right to demand its return;
 - (e) The Invigilator must then give the candidate a new answer script. This answer script must also be endorsed with the words "NEW ANSWER SCRIPT" together with the date and time of issue;

- (f) The candidate must be informed that the fact that he or she is allowed to continue with the examination does not serve as a condonation of his or her contravention of examination regulations and that a written report will be submitted to the Chief Invigilator at the conclusion of the examination and that the incident will be reported to the Provincial Examinations Irregularities Committee (PEIC) of the relevant assessment body;
- (g) The Invigilator must not allow any additional time to compensate for time lost in the course of detecting and processing the examination irregularity;
- (h) The Invigilator, following the completion of the examination, must immediately submit a full written report to the Chief Invigilator concerning the irregularity;
- (i) The candidate, following the completion of the examination, must be confronted about the irregularity and given the opportunity to provide a written declaration or response to the alleged offence;
- (j) Where the candidate refuses to submit the required written declaration or provide a response, this refusal must be confirmed in writing by the invigilator. The candidate must sign the statement made by the invigilator;
- (k) Where the candidate refuses to comply with sub-regulation 58(3)(j), another Invigilator attached to the examination centre must provide a written statement confirming the refusal of the candidate to provide a written declaration; and
- (l) The answer script, any incriminating material and all applicable statements must then be sent for marking in the normal way and subsequently forwarded to the Provincial Examinations Irregularities Committee.

60. Procedures in respect of Examination Irregularities identified during the Marking Process

- (1) In the case of examination irregularities relating to the process of marking as contemplated in regulation 52, 53 and 54, that are committed by examination officials, the Head of Department or his or her nominee may immediately suspend an examination official, who contravenes any of these regulations, and the matter must be dealt with in accordance with the *Employment of Educators' Act* or in terms of *the Public Service Act*, or any other relevant legislation.
- (2) Examination irregularities identified by Markers during the marking process must be dealt with as follows:
 - (a) All examination irregularities suspected by Markers must immediately be reported to the Senior Marker or Deputy Chief Marker or Chief Marker who then refers it to the Centre Manager. These are then referred to the Head of Examinations and the Provincial Examinations Irregularities Committee (PEIC);
 - (b) Answer scripts in which alleged examination irregularities are identified must be marked as usual. The word “IRREGULARITY” must be written in red ink on the front cover, along the margin.
 - (c) These scripts must then be handed in together with the other answer scripts and completed mark sheets to the Senior Marker or Deputy Chief Marker or Chief Marker for attention. The marks of the suspected candidate must be entered on the mark sheet, with an indicator stating “irregular”;
 - (d) If the Senior Marker agrees with the finding of the Marker, he or she must clearly indicate on each answer script the location of the examination irregularity and hand the whole batch of answer scripts over to the relevant Deputy Chief Marker or Chief Marker;

- (e) Where the Senior Marker disagrees with the findings of the Marker, the script should be handed to the Deputy Chief Marker or Chief Marker for a second opinion. If the Deputy Chief Marker or the Chief Marker concurs with the Senior Marker, the answer script must be returned to the Marker for normal processing; and
- (f) If the suspected examination irregularity is confirmed by the Deputy Chief Marker or Chief Marker, the prescribed irregularity report must be completed and forwarded together with the evidence to the Head of Examinations and the Provincial Examinations Irregularities Committee (PEIC).

61. Procedures in respect of Irregularities that occur during the Capturing, Processing, Standardisation, Release of Results and Certification Processes

- (1) The Head of Department or his or her nominee may immediately suspend an examination official who contravenes any of these regulations, and the matter must be dealt with in accordance with the *Employment of Educators' Act* or in terms of *the Public Service Act*, or any other relevant legislation.
- (2) All irregularities relating to the above processes must be reported immediately to the PEIC and the Head of Examinations.
- (3) Confidentiality and security of information must be enforced. Any breach of these must be considered an examination irregularity.

62. Procedures in respect of Investigations

- (1) The investigations must be lawful, reasonable, timely and procedurally fair and the rights of the individuals should not be infringed. The principles of openness and transparency of an administrative action must be adhered to.

- (2) The following procedure must be followed in respect of an investigation:
- (a) A minimum of two members of the PEIC or two departmental officials delegated by the PEIC must be involved in all investigations;
 - (b) The PEIC may call upon any official in the service of the relevant provincial department of education or any candidate or learner to appear before the Committee or the two-person team delegated to carry out the function, and it may also question any candidate accused of an alleged irregularity;
 - (c) The PEIC or the delegated officials may also call upon any person not in the immediate employ of the relevant provincial department of education but under its jurisdiction as assessment body, to appear before the Committee or the two-person team delegated to carry out this function, and it may also question any such person in the normal course of an investigation;
 - (d) The PEIC or the delegated officials has access to any room or place at any school or learning institution registered as an examination centre with the relevant provincial department of education and may scrutinise or take possession of any document, article or any other evidence which, in the opinion of the committee, may assist in the investigation;
 - (e) In cases of serious misconduct, the relevant provincial department of education should reserve the right to report such cases to the relevant State Security Agents for criminal investigation;
 - (f) All investigations undertaken by the PEIC or the delegated officials, at whatever level, must be clearly documented or minuted if it takes the form of a meeting;

- (g) Findings of an investigation must be submitted to a full sitting of the PEIC that must make a decision as to whether a hearing must take place or not; and
- (h) No member of the PEIC may be involved in, or allowed access to any examination irregularity investigation or hearing or documentation involving a relative or any other person in respect of whom the investigator cannot be impartial.

63. Procedures in respect of Hearings

If the committee decides that a hearing should be held, such a hearing must be held under the following procedures:

- (1) The hearings must be lawful, reasonable, timely and procedurally fair and no rights of the individual should be infringed. The principle of openness and transparency of administrative action must be adhered to.
- (2) The following procedure must be followed in respect of hearings:
 - (a) Procedures for hearings vary according to circumstances and persons involved;
 - (b) A written notification must be submitted to the candidate concerned in the alleged examination irregularity, or the parent or guardian of candidates under 21 years of age and the principal or centre manager of the institution:
 - (i) The written notification must be forwarded either by registered mail or delivered to a particular individual who acknowledges receipt of the notification;

- (ii) The written notification must state clearly that the absence of a reply will not delay the hearing in respect of the suspected examination irregularity;
- (iii) Where a candidate who is alleged to have committed an examination irregularity or his or her parent or guardian or representative cannot be contacted, the principal or centre manager of the institution will be required to assist in contacting the candidate. If the principal or centre manager of the institution is unable to contact the candidate, he or she must inform the Secretary of the PEIC thereof in writing. The inability to make contact with the candidate concerned or his or her parent or guardian or representative should not delay the processing of the irregularity unnecessarily;
- (iv) All candidates suspected of an examination irregularity must be allowed the opportunity to respond to the invitation to attend a hearing regarding the alleged irregularity within ten working days of being notified of an irregularity investigation;
- (v) Candidates who do not wish to attend a hearing have the option of making an admission of guilt in the form of an affidavit which must be forwarded to the Secretary of the PEIC within ten working days of being notified of an irregularity investigation;
- (vi) Where a candidate is under 21 years of age, the candidate may be accompanied by his or her parent or guardian, the school principal and any other representative; and
- (vii) Where the candidate or his or her parent or guardian chooses to make use of legal representation during the hearing, this will be allowed and the Chairperson of the PEIC must be informed at least three working days before the scheduled hearing.

- (c) Evidence presented at an investigation or hearing may take the form of material evidence, written evidence, oral or other evidence;
- (d) All hearings must be recorded and the recording kept until the matter is finalised;
- (e) If the candidate or his or her parent or guardian is unhappy about the way the hearing was conducted, an appeal may be lodged through the channels provided by the provincial education department, to the Head of Department. If the candidate is unsuccessful with the appeal, he or she or his or her parent or guardian may institute judicial proceedings in a court of law;
- (f) The findings of a hearing must be submitted to a full sitting of the PEIC by the persons involved in the hearing process; and
- (g) Decisions and consequent recommendations by the PEIC, as approved by the Head of Department or his or her designee, must be communicated in writing to the person, school or learning institution under investigation, within 30 working days of the completion of the hearing.

64. Sanctions

- (1) The Committee may impose the sanctions contemplated in these regulations.
- (2) Mandatory minimum periods of sanction may be imposed by the PEIC or NEIC upon finding the offender guilty of an irregularity. The reason for the creation of mandatory minimum periods of sanction is primarily to ensure that irregularities are handled in a uniform manner across all provincial education departments (no free discretion), and secondly to combat and reduce the frequency of irregularities.
- (3) There may be cases where the PEIC or the NEIC is of the opinion that the imposition of one of the minimum periods of sanction would, considering the specific circumstances of the case, be very harsh and unjust. The committee may,

however, be freed from the obligation of imposing the minimum period of sanction if there are “substantial and compelling circumstances” which justify the imposition of a lesser punishment than the prescribed one.

- (4) The list of the irregularities, the actions that may be taken and the sanctions to be imposed by the Head of the department of education are listed in Annexure A.

65. Appeals

- (1) A candidate may appeal to the MEC against the decision of the Head of Department within 14 working days of the receipt of the written pronouncement of the judgment or sanction, if the candidate was present at the hearing.
- (2) A candidate may appeal to the MEC against the decision of the Head of Department within 21 working days of the date of the written judgment or sanction, if the candidate was not present at the hearing.
- (3) All appeals must be in writing and must include reasons in support of the appeal.

66. Reporting of Irregularities

Reporting of assessment irregularities is categorised into two components. The first component relates to reporting of the irregularity from the site of identification to the relevant officials within the provincial education department (Internal reporting) and the second component relates to reporting of the irregularity by the Head of Department or Head of Examinations to the external role players (external reporting).

67. Internal Reporting

All alleged irregularities must be reported immediately to the next level of responsibility in the assessment process, which then must report it to the Chairperson of the PEIC and the Head of Examinations. This reporting can be done verbally but must be followed with a written report within 12 hours.

68. External Reporting

- (1) All assessment bodies must report all assessment irregularities to Umalusi and the Director-General within 48 hours of its identification. This can be done telephonically but must be followed with a written report within a 48-hour period.
- (2) The Director-General and Umalusi will provide the format of the report. Reporting the irregularity can differ depending on the nature of the irregularity.

CHAPTER 13

credible enough to be regarded as examination centres and make recommendations on action to be taken; and
