## CHAPTER 1

### INTRODUCING THE ADDENDUM TO THE POLICY DOCUMENT, THE NATIONAL SENIOR CERTIFICATE: A QUALIFICATION AT LEVEL 4 ON THE NATIONAL QUALIFICATIONS FRAMEWORK (NQF), REGARDING LEARNERS WITH SPECIAL NEEDS

#### 1. Introduction

- (1) Learners with special needs may either be accommodated in special schools or in mainstream or inclusive schools where special care is taken of them.
- (2) Special schools are schools that provide education to learners with special needs who need high-level specialised and intense levels of support. The role of these schools thus includes provision of appropriate and quality education for those learners who are already in special schools and advice and guidelines for those who require specialised support in curriculum, assessment and instruction matters in mainstream schools.
- (3) The following learners are regarded as learners with special needs:
  - (a) Learners with **neurological barriers** to learning, reading, spelling, dysgraphia, mathematical calculations and numeracy skills, and the understanding of the written word.

- (b) Learners (deaf and hard of hearing learners) whose **hearing impairments** are serious barriers to learning and who will benefit from admission to a special school.
- (c) Learners with severe **visual barriers to learning** (blind and partially sighted) whose needs cannot be met in mainstream schools, especially their needs regarding special teaching methods (use of the medium of Braille and large print and the implementation of specialised devices (Braille equipment) magnification cameras and CCTV in classrooms, screen reading software, magnification software, etc.).
- (d) Learners with **physical barriers to learning** if such learners are unable to benefit from mainstream education. This could be the result of various factors, amongst others, extremely limited physical movements, dependency on certain devices (e.g. wheel chair), medical conditions and inaccessible school buildings. The term physical disability covers a range of conditions from congenital disabilities to abnormalities acquired as a result of illness of which the most common conditions are spinal bifida, cerebral palsy, muscular dystrophy, haemophilia, cardiovascular and pulmonary conditions.
- (e) Learners with **mild to severe intellectual barriers to learning** whose specific educational needs cannot be met in mainstream schools, but only by accommodation in special schools.
- (f) Learners with **multiple barriers to learning**.
- (g) Learners with **severe behavioural and emotional barriers to learning**.

- (h) Learners with any medically assessed special need that may not fall under the above categories.

## **2. Learning pathways for learner with special needs**

- (1) Grade 10-12 learners who are experiencing barriers to learning who are either attending special schools in terms of *section 5(6) of the South African Schools Act, 1996 (Act No. 84 of 1996)*, or who are in schools where special care is taken of them, will be allowed to follow one of the following learning pathways with the aim of obtaining a qualification:
