Teacher instruction:
Ask learners to complete the other side of the house.
They can use a little mirror to help them.
They can then add the flowers, sun and trees to the pictures.
This is a visual memory and closure exercise.

Build the house

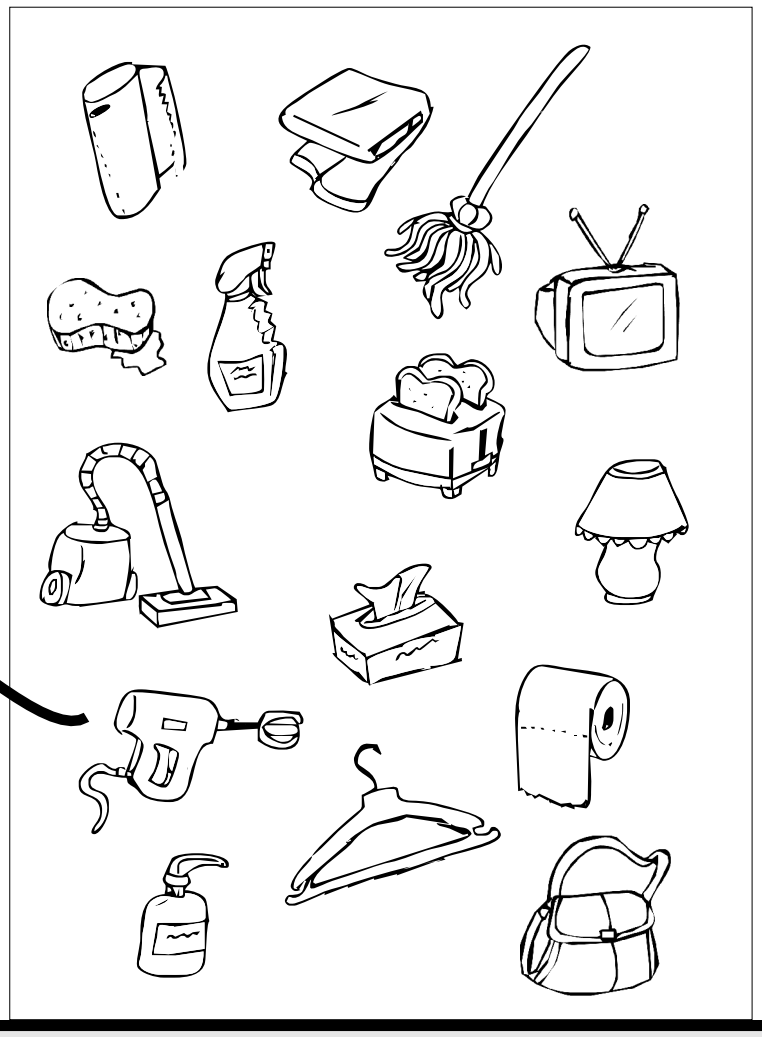

Teacher instruction:
Ask learners to match the different household items to the correct room, using a crayon.
This is a visual discrimination and fine motor exercise.

Where does this belong

bedroom

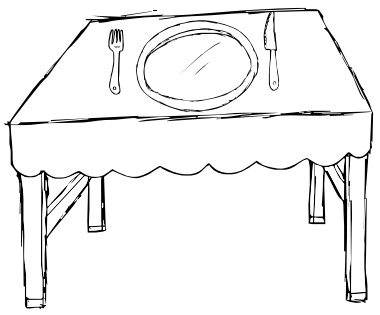

bathroom

kitchen

sitting room
