Friends

Opposites

Friends are special
people that make us feel ...
... good
... happy
... special
... loved!

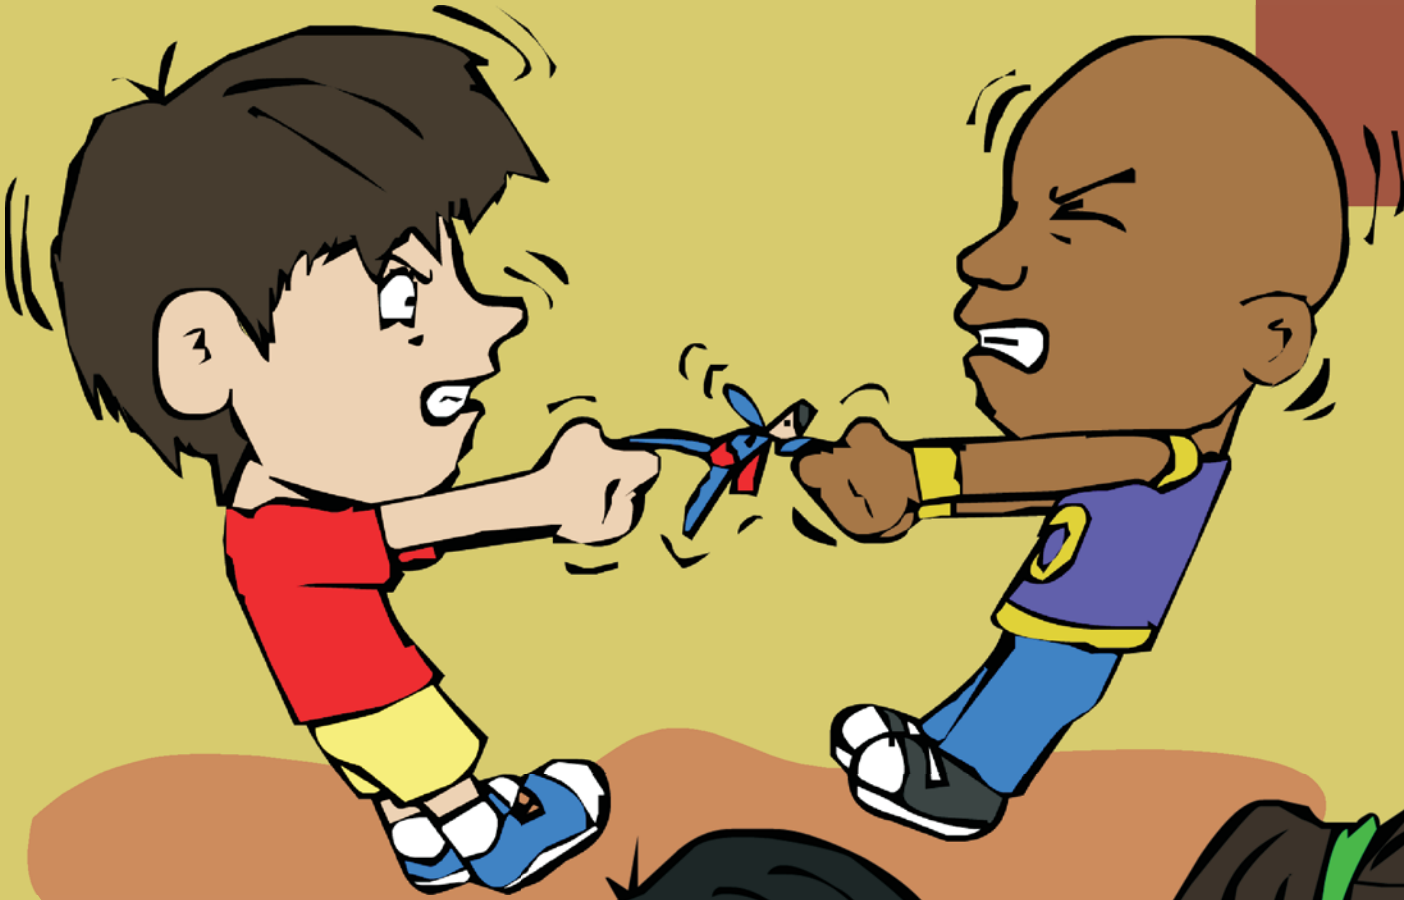

How does your friend
make you feel?

Sometimes friends get ...

... angry
... sad
... jealous
... mean

How does your friend
make you feel?

But friends know how to ...

... make up and say sorry.
So that they can ...

... play
... laugh
... share and agree all over again!

How does your friend make you feel?
