## Friends

### Opposites

Friends are special people that make us feel ...  
... good  
... happy  
... special  
... loved!

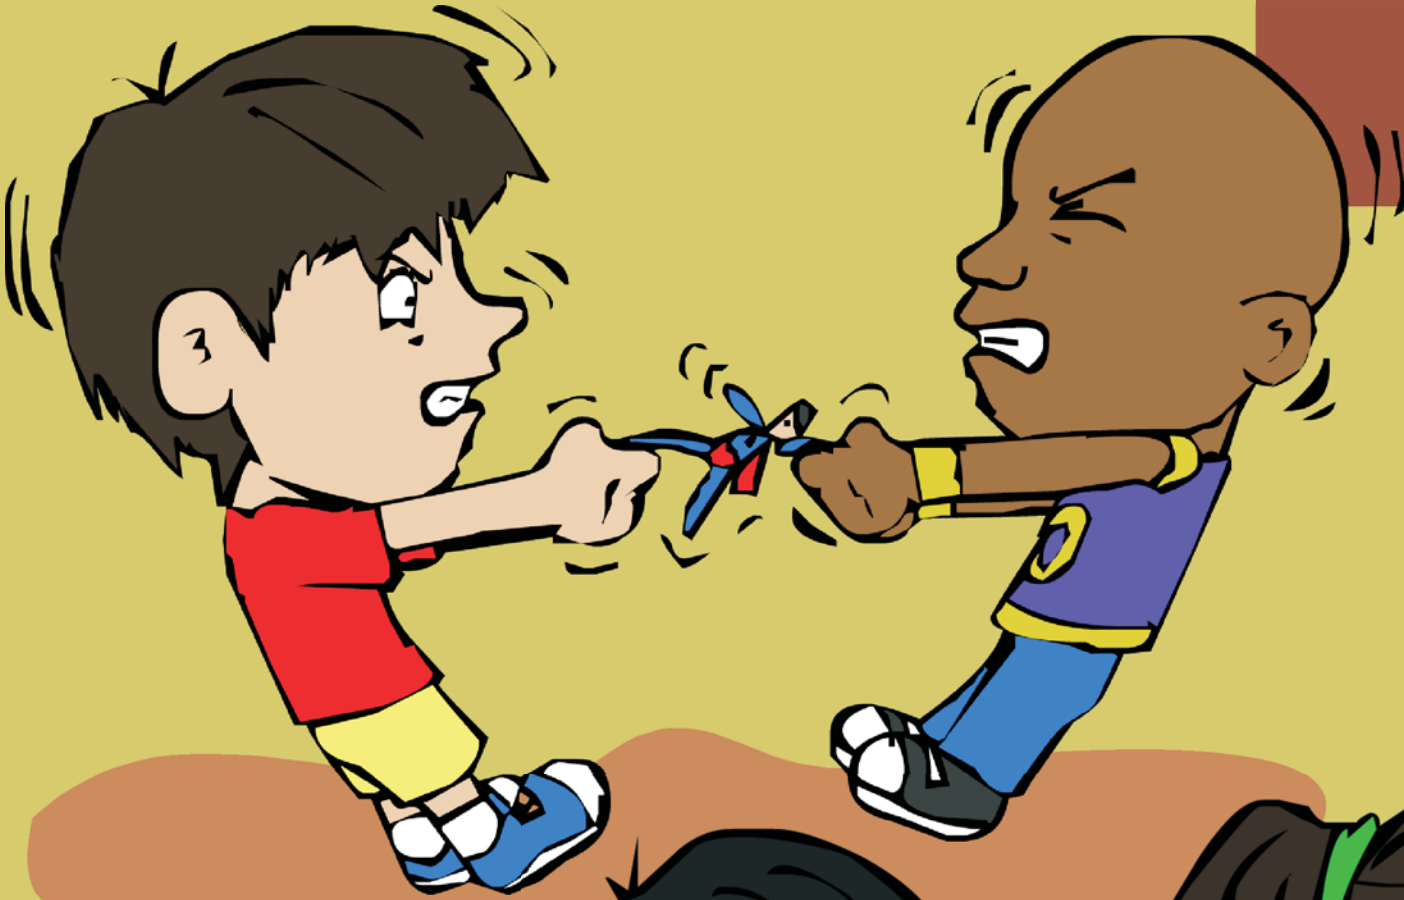

How does your friend make you feel?

Sometimes friends get ...

- ... angry
- ... sad
- ... jealous
- ... mean

How does your friend  
make you feel?

But friends know how to ...

... make up and say sorry.  
So that they can ...

... play  
... laugh  
... share and agree all over again!

How does your friend make you feel?
