PROVINCE CODE (Codes at the bottom of the page)

The Annual Survey for Schools is the most important source of information regarding the situation at your school. The information collected will contribute to the Education Management Information System (EMIS) of the province and will be of value to the management, administration and supply of school resources and governing of schools.

Please read the headings and instructions carefully before completing the survey form.

I, principal of
fully understand the provision made in the South African Schools Act No. 84 of 1996 (section 59 [1] and [2]), regarding the duty of schools to provide information.
This Act provides that every school **must** supply such information about the school as is reasonably required by the Head of Education.

I certify that the information provided on this form is to the best of my knowledge and belief correct and complete.

1.8.1	Lowest grade at the school (Enter only the code in the boxes.)															
1.8.2	Highest grade at the school (Enter only the code in the boxes.)															
*1.9	Total number of multi-grade classes															

Multi-grade classes = These are classes where learners in more than one grade are taught in the same classroom at the same time.

1.10	Does the school have double shifts? [1=yes; 2=no]	
------	---	--

Double shift = These are schools where there are not enough classrooms to accommodate all learners. The school day is divided into two sessions and the learners are divided into two groups, who are taught by the same educators and principal.

*1.11	Platooning schools (This question must only be answered by schools that are platooning at another school and NOT by the hosting school.)															
1.11.1	Provide the name of the host school in the blocks below															
1.11.2	Provide the EMIS number of the host school															
1.11.3	When does your school use the host school's building? [1=Morning; 2=Afternoon; 3=The two schools are using the building at the same time]															

Platooning = Two schools, with different learners, staff and principal, use the same building at the same time.

NOTE: PLEASE LEAVE THE BLOCKS BLANK WHERE THERE IS NO INFORMATION. DO NOT USE LEADING ZEROS, ZEROS OR DASHES TO INDICATE AN ABSENCE OF DATA.

*1.12	Total number of LEARNERS enrolled at the school during the current academic year according to grade and gender (Total number of learners per grade including the SNE learners in the mainstream classes from Pre grade R – Post-Matric.) (SNE learners in fulltime separate classes must be counted in the SNE column.)

2 LEARNER INFORMATION	
<p>THE FOLLOWING TABLES PERTAIN TO LEARNERS WHO ARE REGISTERED AT THE SCHOOL THIS YEAR.</p> <p>Information for learners must be for male and female learners separately, where applicable. It is important to collect learner numbers in terms of population group and gender in order to track the extent to which equity and access are being addressed in the education system. The learner or the learner's parents/guardians and/or family should determine population group. This should reflect the parents' and/or the families' own perception of their population group and not the racial classification used in the past. No learner should be counted more than once.</p>

		Male	Female	Male	Female	Male	Female			
	Total for subjects	(A)								
	Enrolment as per Table 1.12	(B)								
	(A)÷(B)									

How to complete the check table: For each column add the subject enrolments (Table 2.20) and enter these totals in the appropriate columns next to “Total for subjects (A)”. Take the enrolment for each gender in each grade from Table 1.12 and write it next to “Enrolment as per Table 1.12”. Divide the “Total for subjects (A)” by the “Enrolment as per table 1.12 (B)” and write the answer next to “(A) ÷(B)”. In general, the number of subjects for Grades 10 to 12 will be **6 (six)**. If some learners take additional subjects the answer will not be an integer (whole number).
