## INTRODUCTION

This examination assessment guideline consists of the following three parts:

### Part 1

- This part outlines the scope and depth of what is to be assessed with regards to content topics.

### Part 2

- This part provides the outline and format of the examination question papers, the weighting of questions in terms of ability levels, LOs and ASs together with knowledge areas for both paper one and paper two.
- Included in this part is a list of commonly used action verbs that might be used in the setting of these question papers.
- Furthermore it clearly spells out the skills that will be assessed to demonstrate the achievement of particular assessment standards.

### Part 3

The addendum
