CHAPTER 1

INTRODUCTION

1. Introduction

(1) Section 3(4)(l) of the National Education Policy Act, 1996 (No. 27 of 1996) makes provision for the determination of national education policy regarding curriculum frameworks, core syllabuses and education programmes, learning standards, examinations and the certification of qualifications. This provision is subject to the provisions of any law establishing a national qualifications framework or a certifying or accrediting body.

(2) The policy stipulated in this document is only applicable to public schools and those independent schools that write the National Senior Certificate examination set by the Department of Basic Education.

(3) This policy document forms the basis for the Minister of Basic Education to determine minimum outcomes and standards, as well as the processes and procedures for the assessment of learner achievement as stipulated in section 6A of the South African Schools Act, 1996 (Act No. 84 of 1996) which is applicable to public and independent schools.

(4) The outcomes and standards determined in terms of section 6(A) of the South African Schools Act, 1996 (Act. No. 84 of 1996) will be translated into regulations in terms of section 61 of the said act. All assessment bodies must give effect to the regulations.
(5) This document provides the necessary policy support for developing, organising, structuring and implementing an assessment framework for the National Senior Certificate.

(6) This policy document focuses on assessment policy for both internal assessment (School-Based Assessment), and National Senior Certificate examinations.

(7) This policy provides rules and conditions relating to the conduct and administration of School-Based Assessment and the external examination of the National Senior Certificate. This serves to govern the rights and privileges of all persons involved in the School-Based Assessment and external examination processes, such as officials and teachers.

(8) This policy document is aimed at quality assurance and must be read in conjunction with the following policy and guideline documents:

(a) *The National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF)*;

(b) *An addendum to the policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), regarding the National Protocol for Assessment (Grades R – 12)*;

(c) *An addendum to the policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), regarding learners with special needs*;
(d) Subject Statements for the various subjects in the National Curriculum Statement (NCS) Grades 10-12.

(e) Subject Assessment Guidelines for the various subjects in the National Curriculum Statement Grades 10-12.

(10) National policy on assessment is also contained in the following policy documents and all assessment bodies must comply with the prescriptions as set out in these documents:

(a) *Education White Paper 6 on Special Needs Education: Building an Inclusive Education and Training System* that provides a policy framework for the transformation of practices related to assessment and examinations in general with a view to achieving enabling mechanisms to support learners who experience barriers to learning; and

(b) Regulations under the *General and Further Education and Training Quality Assurance Act, 2001 (Act No. 58 of 2001)*.

(c) Directives issued by Umalusi.

2. **Assessment in the National Senior Certificate**

(1) The *National Curriculum Statement Grades 10-12* is the curriculum that underpins the policy for the National Senior Certificate.

(2) Assessment refers to gathering evidence to make a judgment or describe the status of learning of an individual or group. Assessment should be linked to learning and teaching and not be viewed or conducted in isolation. The main aim of assessment is not simply to judge the outcome
of learning, but to provide a supportive and positive mechanism that helps learners to improve their learning, and teachers to improve their teaching.

(3) Assessment in the National Senior Certificate comprises School-Based Assessment and external examinations.

(4) School-Based Assessment allows for learners to be assessed on a regular basis during the school year and also allows for the assessment of skills that cannot be assessed under examination conditions. School-Based Assessment includes a variety of assessment methods.

(5) The purpose of external examinations is to provide reliable and fair measures of the achievements of learners across the country in the subjects offered.

(6) School-Based Assessment and external examinations are designed to address the learning outcomes, assessment standards, content competencies, skills, values and attitudes of the subject, and to provide learners, parents and teachers with results that are meaningful indications of what the learners know, understand and can do at the time of the assessment.
CHAPTER 2

(4) The information provided by the applicant for the position of marker must be verified, in writing, by his or her employer and the relevant assessment body. In the case of provincial assessment bodies, the verification must be done by the school principal and the district manager.

(5) All persons appointed with regard to the marking process must declare whether he or she has an immediate relative sitting for a National Senior Certificate examination in the year of appointment. After having made such declaration, the marker will be allowed to mark, but it will be ensured that he or she does not mark the examination answer script of an immediate relative.
(6) An assessment body must select an additional marker in the event where an appointed marker fails to report for duty.

(7) A marker, senior marker and chief marker must be appointed annually.

(8) All selection panels for markers must be chaired by the relevant Head of the assessment body or his or her representative.

36. Appointment of markers: Guidelines

Additional markers must be placed on a reserve list, in the event of appointed markers failing to report during the marking session.

(2) The information on the markers’ application form must be verified by the assessment body.

(3) Persons appointed as Markers by a provincial assessment body fall under the Employment of Educators’ Act, 1998 (Act No. 76 of 1998).

Each assessment body must have criteria pertaining to the establishment and management of marking centres.
38. Marking centres: Minimum Norms and Standards

(1) If the number of markers exceeds six hundred (600), a decentralised approach to marking may be adopted.

(2) Marking may be decentralised in terms of geographic regions or in terms of groups of subjects.

(3) If a subject is marked at more than one venue, special measures must be taken to ensure a common standard of marking.

(a) **Phase one:**

   (i) This phase entails an audit of all mark sheets and their respective examination answer scripts at the marking centre.
(ii) All unregistered mark sheets or examination answer scripts are to be recorded in a specific register.

(b) **Phase two:**

(i) Chief markers signs a control list when examination answer scripts are issued to them and again when the examination answer scripts are returned.

(c) **Phase three:**

(i) Mark sheets should be kept in a safe place and sent to the chief marker.

(ii) During this phase, copies should be made of the completed mark sheets, which, have been returned by the chief markers.

(iii) The original mark sheet should be sent for data capturing. At this stage, control lists are checked to establish whether the chief markers have returned all the examination answer scripts.

(iv) Mark sheets could be scanned for security purposes.

39. **Marking procedures: Minimum Norms and Standards**

(1) Marking procedures should be clearly formulated by the provincial assessment body, as contemplated in Annexure L.

(b) marking complete examination answer scripts; or
(c) staggered marking where marking may commence in one or
selected subjects while the rest of the National Senior Certificate
examination is still in progress; or
(d) marking after completion of the examination, i.e. after all the
examination question papers have been written.

(2) When candidates are required to answer only a selected number of
questions from those given in an examination question paper, the marker
should mark only the required number of questions in the order in which
they appear in the examination answer script and delete the remaining
answers.

(3) The marker may mark all the questions in the examination answer script or
only the questions allocated to him or her, as instructed by the chief
marker.

(3) No new enrolments of learners will be accepted in Grades 10 for any subjects listed in the policy document, a *Résumé of instructional programmes in schools, Report 550 (2001/08)* from 1 January 2006.

(4) National education policy pertaining to part-time candidates as stipulated in the policy document, *National policy on the conduct, administration and management of the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF)*, will continue to exist until such a date as determined by the Minister of Basic Education.

(5) The Minister may also determine the date, contemplated in subparagraph 4 after:

(a) an alternative qualification for part-time candidates has been developed and implemented; and

(b) public and independent distance/correspondence education institutions have been identified and have become operational to assist part-time candidates to obtain the qualification presented by the Minister in the *Government Gazette*.

(6) The policy pertaining to part-time candidates contemplated in
subparagraph 4 will continue for a further period of three (3) years after the date referred to in subregulation 5 in order to accommodate the candidates already enrolled as part-time candidates on the date determined by the Minister.

(7) Part-time candidates must comply with the National Senior Certificate requirements as stipulated in the policy document, National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF).

ANNEXURE A

ADMINISTRATIVE ISSUES RELATING TO THE SCHOOL-BASED ASSESSMENT (SBA) AND PRACTICAL ASSESSMENT TASK (PAT) MARKS

1. PRESENTATION OF SCHOOL-BASED ASSESSMENT AND PRACTICAL ASSESSMENT MARKS

(1) All learners must have a School-Based Assessment (SBA) mark for each subject presented for the National Senior Certificate.

(2) A Practical Assessment Task mark is a compulsory component of the final promotion mark for all candidates registered for the following National Senior Certificate subjects.

(a) Arts: Dance Studies, Design, Dramatic Arts, Music and Visual Arts;
(b) Languages: Oral mark;
(c) Technology: Civil Technology, Electrical Technology, Mechanical Technology and Engineering Graphics and Design;
(d) Life Orientation;
(e) Computer Sciences: Computer Applications Technology and Information Technology; and
(f) Services: Consumer Studies, Hospitality Studies and Tourism.

(3) Learners who have not submitted a learner portfolio of evidence as part of the School Based Assessment component, and/or Practical Assessment
Task based on valid reasons, must be given three months from publication of the results to submit School-Based Assessment tasks and/or a Practical Assessment Task for evaluation. In such an event, the code “999” is indicated on the mark sheet.

(4) If a learner fails to present a component or components of the SBA and/or a Practical Assessment Task during the course of the year, and valid reasons are provided, the learner should be allowed the opportunity to redo the task and/or Practical Assessment Task or, where this is not possible, the mark for that component of the School-Based Assessment and/or a Practical Assessment Task component should not be taken into consideration and the maximum mark, in this particular case, must be recalculated, based on the remaining number of tasks (refer to Table 1).

(5) If a learner fails to present a component or components of the Practical Assessment Task during the course of the year, and valid reasons are provided, the learner should be allowed the opportunity to redo the task.

2. **INCOMPLETE RESULTS**

A learner’s results are regarded as incomplete if he or she did not offer any component of the School-Based Assessment and/or a Practical Assessment Task (PAT), a Practical Assessment or an Oral mark and no valid reason was provided. This implies that the learner did not submit all assessment tasks specified for
School-Based Assessment, Practical Assessment Task (PAT), Practical Assessment or Oral requirements in the policy document, *An addendum to the policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), regarding the National Protocol for Assessment (Grades R – 12)* and Subject Assessment Guidelines. In such an event, the code “444” is indicated on the mark sheet. Therefore the candidate cannot receive a result in the subject, since he or she has not satisfied the requirements of the National Senior Certificate and will not qualify for a National Senior Certificate. In such an event, the code “444” is indicated on the mark sheet. Such a candidate must repeat the subject in the subsequent examination, but not the supplementary examination. If a candidate fails to do this, he or she will not qualify for a National Senior Certificate.

3. **OUTSTANDING MARKS**

A mark is regarded as outstanding if, during the capturing process, the reason for the outstanding mark is not established. The code, “777”, is used to indicate an outstanding mark. An outstanding mark must be finalised as soon as possible and the “777” code replaced with either a mark or a “444” code (absent) or a “999” code.

In the event that the candidate was absent, based on valid reasons, code “999” will be captured. The outstanding School-Based Assessment, and/or Practical Assessment Tasks (PAT), Practical Assessment or Oral mark must be submitted within the stipulated three-month period. The result in the subject will be regarded as incomplete. In such an event the candidate cannot receive a result, since he or she has not satisfied the requirements of the National Senior Certificate. Should the candidate not submit the School-Based Assessment tasks and/or Practical Assessment Tasks in the stipulated period, the code “777” will be changed to “444”.
Candidates who have not met the School-Based Assessment and Practical Assessment Task component requirements, may be allowed to improve their marks obtained in the School-Based Assessment and Practical Assessment Task components, subject to satisfactory arrangements being made with the relevant accredited assessment body.

4. **STATISTICAL MODERATION OF SBA MARKS**

All School-Based Assessment tasks and Practical Assessment Tasks are statistically moderated, based on the norm determined by Umalusi. The norm, which is articulated as a formula for the statistical moderation process, will be provided by Umalusi. The Department of Basic Education will ensure that the computer system is programmed to process the marks in accordance with the formula. However, the final responsibility rests with Umalusi to verify the accuracy of the statistical moderation process on the IT system.

Learners whose School-Based Assessment marks and/or Practical Assessment Tasks are outstanding, absent or have not been finalised at the time of the statistical moderation, are removed from the moderation process. The examination results for these learners are initially left out of the moderation process, and the moderated marks are calculated at a later stage, using information from the rest of the group.
ANNEXURE B

THE APPROVAL PROCESS FOR SUBJECTS OFFERED BY OTHER ASSESSMENT BODIES

1. THE STATUS OF SUBJECTS OFFERED BY OTHER ASSESSMENT BODIES

(1) Candidates may offer a maximum of one subject developed by an assessment body other than the Department of Basic Education and approved by the Minister of Basic Education, in addition to the required seven compulsory subjects for the National Senior Certificate.

(2) All requests regarding the offering of additional subjects to be listed in the National Senior Certificate must be directed to the Department of Basic Education, in order to determine whether the Department of Basic Education will consider the inclusion of the subject in the National Curriculum Statement Grades 10-12.

(3) Additional subjects to be considered by the Department of Basic Education for inclusion in the National Curriculum Statement Grades 10-12 must be supported by the following documents:

(a) a Subject Statement that includes the learning outcomes, assessment standards and content;
(b) a Learning Programme Guideline;
(c) a Subject Assessment Guideline; and
(d) in the case of additional languages, the appropriate English Language level documents, i.e. Home, First Additional and Second Additional Language level should be used as a template.
(4) An assessment body should undertake the development of the additional subject requested, as well as conduct the examination thereof.

(5) However, no guarantee can be given to institutions that the Minister of Basic Education will approve the developed documents submitted to the Department of Basic Education. All development is done at own risk and any costs incurred must be borne by the applicant.

(6) All relevant documents referred to in subregulation (3) above, must be submitted not later than April of the year prior to the planned implementation.

(7) Once satisfied that all the above requirements have been met, the Department of Basic Education will evaluate the subject in question and make a recommendation to the Minister of Basic Education.

(8) Subjects that have been approved by the Minister of Basic Education for offering as part of the National Senior Certificate will be implemented for the first time in Grade 10 in the month of January, following the year of approval.

(9) Assessment bodies and schools that wish to enrol learners for additional subjects to the National Senior Certificate, developed and assessed by an assessment body, should contact the Head of the relevant assessment body for details about the enrolment and assessment procedure for the additional subject.

(10) The Department of Basic Education could request assessment bodies, accredited by Umalusi and approved by the Minister of Basic Education, to assist with the examination of the approved additional subject, offered by a learner as part of his or her 7-subject package.
ANNEXURE C

REQUIREMENTS FOR THE OFFERING OF MUSIC PROGRAMMES OF ACCREDITED ASSESSMENT BODIES

A learner who requests to offer one of the approved music programmes offered by the assessment bodies, listed in subregulation 8, as one of the seven (7) compulsory subjects for the National Senior Certificate, or as an additional subject, i.e. as an eighth or ninth subject, may do so under the following conditions:

(1) The learner enrolls for the music programme in the year that he or she registers for Grade 10 for the first time.

(2) The selected music programme is registered as one of the Group B subjects of the National Senior Certificate, as contemplated in paragraph C2 of Annexure C of the document, *National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF)*, in January of the year of the first registration for Grade 10.

(3) A learner completes the theory component of the selected music programme prior to his or her registration, in Grade 10, for the National Senior Certificate.

(4) A learner registers for a music programme, offered by an assessment body listed in subregulation 8, at a minimum level of Grade 4, for the selected practical music examination in Grade 10, provided that such learner progresses to at least Grade 6 of that practical examination in his or her Grade 12-year, and that Grade 6 of the practical music examination and its
theory component, offered by an assessment body, are regarded as the minimum acceptance level for the National Senior Certificate (Table 1).

(5) Learners who register for the first time in Grade 10 for a music programme, offered by an assessment body, at a Grade 5 or Grade 6 level of the selected music programme, must progress to Grade 6 and 7 respectively in Grade 12, in order to fulfil the National Senior Certificate programme requirements, as contemplated in paragraph 9 of the document, National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF).

(6) Learners who register for the first time in Grade 10 for a music programme, offered by an assessment body at Grade 7 level of the selected music programme, must offer these programmes for the three-year period of Grades 10-12, in order to fulfil the National Senior Certificate programme requirements, as contemplated in paragraph 9 of the document, National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF).

(7) Assessment bodies, which have been approved by the Minister to offer music as a subject, must submit the theory and practical marks of their candidates separately. However, the final result obtained by a learner in the music programme offered by such assessment body, must be calculated as a combination of both the practical music examination and its theory component.

(9) A maximum of one of the Associated Board of Royal Schools of Music, or Trinity College of London, or the UNISA practical music examination,
Grades 6 or 7, may be offered in combination with a National Senior Certificate subject, which may include Music.

(10) Learners who offer one of the Associated Board of Royal Schools of music, or Trinity College of London, or the UNISA practical music examination, Grades 6 or 7, in combination with the subject Music, as listed in the National Curriculum Statement Grades 10-12, may not offer the same main instrument as a first and second instrument.

(11) Learners may not offer a music programme, comprising a combination of components of the subject Music, as listed in the National Curriculum Statement Grades 10-12, for the Associated Board of Royal Schools of Music’s practical music examination, Trinity College of London’s practical music examination, or UNISA’s practical music examination.

(12) Learners, who register for a music programme offered by an assessment body, must offer the required level or levels of the music programme entered for, for all three years of the National Senior Certificate programme, namely Grades 10 to 12. A learner must fulfil all the requirements in respect of School-Based Assessment for each level of the music programme that he or she enrolled for.

(13) Learners will not be allowed to change from one assessment body to another, once they have enrolled at a specific assessment body in their Grade 10-year.
ANNEXURE D

APPOINTMENT OF EXAMINERS AND INTERNAL MODERATORS: AN EXCERPT FROM THE PERSONNEL ADMINISTRATION MEASURES

In addition to the general criteria referred to in Regulation 23, the following minimum criteria should apply with regard to the selection and appointment of examiners (for the setting and moderation of examination question papers and accompanying memoranda) and internal moderators:

(1) Advertisements for the posts of examiners and internal moderators should be included in a departmental circular, as well as published in the national or local press.

(2) For the examination, set by the Department of Basic Education, a selection panel shall be appointed by the Department of Basic Education. Teacher unions that are members of the Education Labour Relations Council shall be allowed observer status on such a panel.

(3) The following minimum criteria will apply in respect of the selection and appointment of candidates:

The appointee must:

(a) have at least a recognised three-year post matric qualification, which must include the subject concerned at second or third-year level;

(b) have extensive experience as a teacher in the particular subject or in a related area, and at least two (2) years teaching experience during the last five (5) years, at the appropriate level; and

(c) he or she must have experience as a marker.
ANNEXURE E

EXAMINATION PANELS

1. It is advantageous to appoint two to four examiners to set an examination question paper, in order to maintain the appropriate standard for a subject. This allows for the perspectives of two to four experts in the particular subject to be utilised in the setting of the examination question paper.

2. Advantages of the panel system:

   (a) it allows for capacity-building, by including one or two persons who lack prior experience in the setting of examination question papers.

   (b) If a panel of examiners is used, it is important that a chief examiner be appointed.

   (c) The chief examiner takes final responsibility for the quality and standard of the examination question paper.

3. Duly binding contracts must be signed between the examiner and the Department of Basic Education or the assessment body.
ANNEXURE F

PROCESSING OF EXAMINATION QUESTION PAPERS

1. TYPING OF EXAMINATION QUESTION PAPERS

(1) A team of selected staff members, not exceeding four to five typists, supervised by a chief typist, may carry out the typing of examination question papers.

(2) They may do their work on personal computers, not linked to an external network, and all the work should be done in a restricted area.

(3) This task should be supervised by a senior staff member. The hard disks should be cleared and transferred to other relevant media, such as compact discs (CDs), which must then be locked away daily.

(4) All typists must complete a Contract of Confidentiality.

2. EDITING OF EXAMINATION QUESTION PAPERS

(1) Language editing may be carried out by specially appointed language editors.

(2) Alternatively, this function may be carried out by a select group of subject specialists, who must complete the Contract of Confidentiality document.

(3) The final editing should be the task of the chief examiner, and he or she, together with the internal moderator, should sign it off, certifying that he or she has checked the examination question paper in every respect and that the examination question paper is ready for printing.
(4) All members of the editing team must complete a Contract of Confidentiality.

3. PRINTING OF EXAMINATION QUESTION PAPERS

(1) The Department of Basic Education and the assessment body must ensure the following:

(a) A building with proper security, which could be used for typing, printing, packaging and storage.
(b) All examination activities may then be carried out in this safe building, allowing access only to specific persons.
(c) In terms of printing, the assessment bodies must move to establish in-house printing facilities.
(d) Where in-house printing is done, the person involved in the printing may also be involved in the packaging.
(e) The printing process must be carried out under the close supervision of a senior official.
(f) This official must be entrusted with the task of approving the quality and standard of the first batch of printed examination question papers.
(g) All members of the printing team must complete a Contract of Confidentiality.

(2) Where assessment bodies choose to use external agencies for the purpose of printing, the agency concerned should be fully investigated to ensure that, inter alia, strict security measures are in place, and that the quality of the printing is of an acceptable standard. A detailed contract, a service level agreement and a Contract of Confidentiality must be signed between the assessment body and the external provider of printing services.
ANNEXURE G

PRACTICAL EXAMINATION IN COMPUTER APPLICATIONS TECHNOLOGY AND INFORMATION TECHNOLOGY

1. Computer laboratories should be visited by the assessment bodies to ensure that the infrastructure is compliant. This must be done six (6) months prior to the commencement of the final National Senior Certificate examination.

2. The security measures to be taken in the subjects Computer Applications Technology (CAT) and Information Technology (IT), comprise two phases, namely the computer laboratory certification, and the invigilation during the examination sitting.

3. Local authorities should be informed about the examination timetable to ensure that load shedding is not applicable.

4. The following measures must be taken during the computer laboratory certification process:

   (1) All schools offering Computer Applications Technology and Information Technology must complete a specified checklist that should be certified by the Principal of the school and submitted to the assessment body two (2) days prior to the commencement of the examination.

   (2) Two days prior to the examination in Computer Applications Technology and in Information Technology, the specific centre to be used for these examinations should be off limits to all candidates.
(3) All electronic equipment at the school should be inspected prior to the examinations to ensure that it is in good condition and that the electricity cables and wall connections are in good working order. This will prevent a power failure caused by defective electrical apparatus.

(4) The hardware and software must be checked to ensure that they are in working condition.

(5) Only approved hardware configurations and versions of software may be used and certified.

(6) The Computer Applications Technology and/or Information Technology teacher must ensure that all computers are “clean”. No programmes or documents, hidden files and/or examples of any kind may be stored on the hard disks or the network. This should not be accessible to candidates during the examination.

(7) E-mails, internet messaging systems must be de-activated during the examination.

(8) Security should be in place to prevent candidates from accessing other computers, folders and/or documents.

(9) Passwords, which are familiar only to the invigilators, should be used as a security measure during the examination session.

(10) If an examination is conducted in two sessions, invigilators must ensure that all computers are clean when the second session starts. Candidates from two sessions should not make contact. This includes emptying the recycle bin.
(11) Printing is optional

(a) Printers must print clearly.
(b) Use new cartridges, if possible.
(c) The assessment body is responsible for supplying sufficient suitable paper for printers.

(12) Ensure that the following settings for each computer are correct:

(a) date and time; and
(b) regional settings (South Africa).

(13) Disks or related storage media:

(a) The assessment body must supply each candidate with two clean formatted disks or related storage media (one for backup) to save his or her work on.

(b) The responsible teacher must format these disks or storage media beforehand (even if new disks are being used).

(c) The disks must be clearly marked. Alternatively, schools that do not work with disks, can submit all candidates’ files on CDs. One backup CD must be submitted and one kept at the centre.

(14) Peer-to-peer networks do not provide the same level of security as server-based networks. Therefore, the use of peer-to-peer networks is discouraged and schools should disconnect them for the duration of the examination and use the computers as stand-alone machines.
(15) If schools use network facilities to conduct practical examinations, the following steps must be taken to prevent possible copying of files by candidates:

(a) Separate folders must be created for each candidate on the appropriate network drive. The folder should be labelled with the candidate’s examination number.

(b) The data files required by each candidate must be copied into each folder or onto a suitable saving device.

(c) It must not be possible for the candidate to access any other data folders on the network.

(d) A separate user ID and password must be created for each candidate and these must be linked to a specific folder.

(e) The user ID and password must differ from those used by the candidates during the normal course of their practical work.

(f) Access codes should preferably be randomly generated, e.g. user ID: AxCyfDT, Password: ShwOfT.

(g) E-mail and messaging systems between work stations must be deactivated during the examination, so that candidates are not able to send messages or files from one work station to another.

(16) On some networks, it is possible to keep a log of access to folders. If the network makes use of this facility, it should be activated during the examination and retained after the completion of the examination, should any queries concerning irregularities arise.

(17) Only legal copies of software may be used.

(18) There should be at least two additional computers and printers available as backup.
(19) An experienced Computer Applications Technology or Information Technology teacher must be present during all practical sessions, so that he or she can provide the necessary assistance if computers are faulty.

(20) Invigilation

(a) A minimum of two teachers must be present as invigilators at each centre during the examinations in Computer Application Technology and Information Technology.

(b) Additional invigilators should be present in accordance with Table 1:

<table>

(21) Document retrieval

(a) One week before the examinations commence, schools will receive a disk or related storage media with the documents for retrieval.

(b) The responsible teacher must make a backup copy of this storage media immediately and determine if he or she can access the files.
(c) It is the task of the responsible teacher to save this information on the network or on the hard drives of individual computers, or to prepare an individual disk for each candidate, one day prior to the commencement of the examination. Examination centres must then be off limits.

(d) It is essential that each candidate's disk is carefully prepared a day before the examination session commences.

(e) The teacher must ensure that each disk or storage medium is clearly marked with the candidate’s examination number and the centre number.

(f) Candidates may, under no circumstances, have access to these files prior to the examination.

(22) The security process must be carried out under the supervision of the chief invigilator.

(23) Schools will be permitted to run a maximum of two consecutive sessions of computer practical examinations per day. The necessary precautions must be taken in order to prevent communication between candidates in the two groups.

(24) No cellphones, manuals and/or electronic documents are allowed inside the examination centre, unless otherwise specified by the Department of Basic Education and the assessment body.

(25) Candidates may use the help functions on the computer.

5. Procedure during the examination session

(1) Invigilators play a vital role in ensuring that no copying of any kind takes place. Therefore, it is crucial that the minimum supervisory requirements are strictly adhered to.
(2) The additional assistant(s) used at the end of the session (last 30 minutes of the session) must assist with printing and verifying that candidates’ files are written to CDs and that the CDs can open. Invigilators must ensure that no editing or keying in takes place after the examination time has elapsed.

(3) Candidates should save their work at regular intervals, e.g. every 10 minutes.

(4) If candidates wish to do the speed endorsement, they will do so at the beginning of the examination session.

   (a) A Computer Applications Technology and/or Information Technology teacher will be present to manage the time of the session in accordance with keyboarding rules.

   (b) The principals or centre managers and chief invigilators should be informed of the fact that a timed accuracy test will be conducted.

   (c) Although the instructions to invigilators state that no candidates may be admitted to the examination room earlier than ten minutes before the examination is due to start, candidates for the timed accuracy test must be allowed into the examination room earlier in order to practice on their computers and to get the computers ready for the examination.

   (d) Candidates must, however, terminate these activities fifteen minutes before the examination commences.
(e) Candidates must be allowed fifteen minutes to read the instructions on the examination question paper and to prepare themselves for the timed accuracy test.

(f) Immediately after the timed accuracy test has been completed, the answers must be printed and the invigilator must sign after the last printed word on each page.

(g) **Only one printout per candidate is allowed** for the timed accuracy test. The candidates may leave the room only after the invigilator has ensured that all candidates have printed the timed accuracy test.

(h) Candidates may use the spell-checker during the course of the timed accuracy test.

6. If a power failure occurs during the examination, the following procedure should be followed:

(1) Candidates are to remain in the computer room until the power supply has been restored.

(2) Candidates may not communicate with each other while waiting for the power supply to be restored.

(3) The time lost during the power failure should be allowed as additional examination time.

(4) If, after two hours, the power supply has not been restored yet, the examination should be rescheduled.
(5) The Department of Basic Education and the assessment body should be informed of the power failure immediately.

(6) When a power failure occurs, the centre manager should inform the local authorities immediately. He or she should also ascertain, if possible, how long the power failure is likely to last.

(7) The disks with the work completed by the candidates are to be handed in and submitted to the assessment body.

(8) In the case of an examination being cancelled due to a power failure, the candidates should write the backup examination question paper on another date.

(9) In the event where two examination sessions are scheduled during an examination, namely in the morning and afternoon, the above procedure applies to both sessions.

7. In the event of a computer breakdown during the examination, the following procedure should be followed:

(1) Candidates must be moved to backup equipment immediately, and appropriate additional time must be provided to the candidates concerned. A period of 10 minutes must be provided in cases where the work has not been saved by the candidate.

(2) No additional time will be allowed for work lost that was not correctly saved.

(3) Candidates must complete the examination question paper within the set time.
(4) Only the printing of results will be allowed after the set time has elapsed.

(5) Printouts

(a) The printing of questions is optional, but invigilators must take all precautionary measures to ensure that the candidates’ files are written to CD/storage media and are opening correctly.

(b) All other printouts must be handed in to the invigilator.

(c) These printouts must be destroyed after the conclusion of the examination.

(d) No printouts are allowed to leave the examination room.

8. In the event where two sittings per day take place, the following procedure must be followed:

(1) The responsible teacher will divide the candidates into two groups.

(2) Group 1 will complete the examination during the first sitting and Group 2 will complete it during the second sitting.

(3) Candidates in Group 2 must meet at least one hour before the end of the first sitting. They will be invigilated and escorted to the computer room before the start of the second sitting and after all the candidates from the first sitting have left the computer room.

(4) No candidate may leave the examination room before the end of the examination session.
(5) No contact between the two groups is permitted during either of the two sessions.

9. Responsibilities of candidates

(1) Each candidate must complete the information sheet and folder accompanying the examination question paper, including his or her examination number, the examination centre number and the workstation number.

(2) Candidates must further indicate what software packages they have used in completing the examination question paper.

(3) Each candidate must save his or her work on the disk/storage media/folder provided to him or her.

(4) These disks or storage media must be submitted, together with the printouts, to the examination section of the assessment body.

(5) After completion of the examination, the candidates must make sure that each file is stored on disk/folder and that each file opens from the storage media.

(6) Candidates must only submit the relevant files for marking.

(7) Where different groups of candidates are sharing the same computer and printer, it is essential that all candidates close all their files on the computer and remove all printouts before the computer and printer may be used by the next group of candidates.
(8) The second disk or other storage media should be used as backup for each candidate.

10. After the practical examination session, the following procedure must be followed:

(1) The responsible teacher must make backup or duplicate copies of candidates’ work on relevant storage media. One backup disk must be sent to the marking centre and one disk must be kept at the school.

(2) Printouts (optional) and disks must be handled in the following way:

(a) Check that the printouts of a candidate are in the correct order. Only one printout per question must be submitted.

(b) Place the candidate's information sheet, printouts and disk in a specially designed examination folder (standardised format). Not applicable if all the candidates’ folders are written to one CD/DVD.

(c) The examination number and the centre number must be clearly indicated.

(d) Organise all folders numerically and place them in a marked box.

(e) Answers to questions will be marked from the disks or storage media, therefore it is essential that disks or storage media reach the marking centre intact.

3. The Department of Basic Education retains the right to monitor the conducting of the National Senior Certificate examination and related assessment processes at the independent centre at any time, without prior warning. This includes the appointment of a monitoring invigilator at the assessment centre for the duration of the National Senior Certificate examination.

4. The independent centre, in concluding this service contract, commits itself to abide unquestionably by all regulations in respect of the conducting, administration and management of the National Senior Certificate
examination and related assessment processes, as well as procedures contained in the applicable national and provincial regulations.

5. Where, in the opinion of the Head of Department, and as a result of a preliminary investigation, developments at the independent centre may adversely affect the interests of candidates or the integrity of the examination or related assessment processes, the Department of Basic Education reserves and retains the right to take control of the conducting, administration and management of the examination centre with immediate effect.

6. Failure to abide by any of the regulations or other reasonable requests in respect of the conducting, administration and management of the National Senior Certificate examination and related examination processes, as well as procedures contained in the national or provincial regulations, may result in the deregistration of the independent centre as an examination centre by the Department of Basic Education.

7. All examination centres are required to operate on premises that were approved for this purpose by the Head of Department. Where relocation does occur, the new premises must again be inspected by the relevant provincial education department for evaluation as an examination centre.

8. No examination centre may consider relocation within or less than sixty (60) days before the commencement of the final National Senior Certificate examination.

9.1 The Head of Department must immediately be informed in, writing, of the enforced relocation.

9.2 Learners and their parent(s) or guardian(s) must be informed.

9.3 The independent centre is obliged to ensure the presence of proper notices at the old centre, clearly indicating, *inter alia*, the location of the new venue, the name of a contact person and a telephone number for the contact person.

9.4 The relevant provincial education department will ensure the publication of such information in the printed/electronic media.

10. **Procedure to follow when a centre relocates to new premises**

10.1 Should any centre relocate to new premises, their registration as an examination centre lapses immediately and they will be forced to seek registration at the new premises from the Department of Basic Education.

10.2 In exceptional circumstances, and provided that the centre has an unblemished record as far as irregularities and administration are concerned, the Head of Department may allow the centre to continue to operate for the current final exit examination year only, during which time the centre must apply for, and be granted examination centre status in respect of the new premises. Should such permission be refused, or for any other reason not be granted, the registration of the centre shall lapse forthwith.

10.3 Should this process run over the year-end, no new candidates may be registered until a decision has been taken on the registration of the centre.

10.4 The onus is on the head of the institution (centre manager/principal) to inform the Head of Department timeously of the intention to relocate.
10.5 The Head of Department shall inform the chief invigilator, in writing, of the course to be followed.

10.6 If the application for the registration of the centre is unsuccessful, the Head of Department shall inform the head of the institution (centre manager/principal) that the registration of the centre has elapsed.

10.7 The Head of the institution shall have the right to respond to the decision and furnish reasons as to why the centre should not be deregistered.

10.8 The Head of Department shall consider such representation before making a final decision. This decision must be conveyed, in writing, to the Head of the institution. This decision is final.

(b) Where a candidate does not comply with the minimum requirements of any component of the internal assessment mark, the following applies:

(i) In the event of a valid reason for failure to comply, the candidate must be allowed the opportunity to redo the task; or

(ii) where impractical, the mark for that particular component of the internal assessment mark should not be taken into consideration.
(c) Where a candidate does not comply with the minimum requirements for internal assessment for a subject, without a valid reason, a “0” (zero) mark is recorded and used in the compilation of the mark for the particular component, or for internal assessment as a whole (as may be applicable).

(d) The absence of an internal assessment mark in any subject must result in the candidate, registered for that particular subject, receiving an “incomplete” result.

(2) Procedures in respect of internal assessment pertaining to assessment officials

(a) All alleged irregularities in respect of internal assessment, involving examination officials, must be reported by the head of the institution to the provincial Head of Department or his or her representative. Recurring cases must be reported to the NEIC.

(b) Suspected internal assessment irregularities involving teachers, constitute an act of misconduct and must be dealt with in terms of the Employment of Educators Act, 1998 (Act No. 76 of 1998).

(c) Suspected internal assessment irregularities, involving assessment officials employed in terms of the Public Service Act, constitute an act of misconduct and must be dealt with in accordance with the relevant Public Service Regulations.

substantial evidence in respect of the alleged irregularity exists, may:

(i) immediately suspend the services of a suspected defaulting official with regard to marking, monitoring or moderation;

(ii) immediately suspend the services of a suspected defaulting official in respect of any or all related assessment processes; or

(iii) in the event of independent schools or learning institutions registered as examination centres with the relevant provincial education department, the Head of Department or his or her representative may insist on the application of the relevant clauses of the Service Contract entered into with the particular examination centre.

(3) Procedures in respect of irregularities, identified during the Planning and Preparatory Phase of the external examination

(a) The Head of Department or his or her representative may immediately suspend an examination official from undertaking assessment-related activities, or suspend an examination official who contravenes any of these regulations, and the matter must be dealt with in terms of the Employment of Educators Act, 1998 (Act No. 76 of 1998) or in terms of the Public Service Act, or in terms of any other relevant legislation.
(b) Examination irregularities, identified as having occurred prior to the examination question paper being written, may include the leakage of the examination question papers.

(i) The first step in such an event is to determine the extent of the leakage; which must be determined by the PEIC or by a team delegated by the PEIC.

(ii) In the event of the leakage of a national examination question paper, the Director-General of the Department of Basic Education and the Minister of Basic Education should decide on the most appropriate course of action.

(iii) The PEIC must institute a full investigation, in order to ascertain the source of the leakage. The South African Police Services (SAPS) and other investigation experts may be included in the investigation process.

(iv) Any other examination irregularity, identified prior to the writing of the examination question paper, which may impact on the integrity of the examination, must be dealt with prior to the examination question paper being written.

(4) Procedures in respect of Examination Irregularities identified during the conducting of examinations

(a) The Head of Department or his or her representative may immediately suspend an examination official from undertaking any examination-related activities, or suspend an official who contravenes any of these regulations, and the matter must be dealt with in terms of the Employment of Educators Act, 1998 (Act No.
or in terms of the Public Service Act, or in terms of any other relevant legislation.

(b) Examination irregularities, arising from misconduct or disobedience with regard to regulations or instructions issued during an examination, must be dealt with as follows:

(i) In all cases the invigilator must immediately bring the specific examination irregularity to the attention of the chief invigilator.

(ii) The chief invigilator must then offer the candidate suspected of an irregularity the opportunity to make a representation, in writing, in the presence of the invigilator.

(iii) If the chief invigilator, after considering the facts, finds that such an irregularity has indeed occurred, he or she must submit the matter to the PEIC for further investigation and a decision.

(iv) In the event of a candidate persistently refusing to cooperate, the chief invigilator must request the candidate suspected of an irregularity to leave the examination room.

(v) The examination answer script must be removed from the candidate’s possession and a note made of the date and exact time of its confiscation. Should the candidate refuse to leave, the chief invigilator may call upon the SAPS for assistance.
(vi) If the candidate agrees to co-operate, the chief invigilator must allow him or her to continue with the written examination, in which case a new answer book, with the date and exact time of issue noted thereon, must be provided to the candidate.

(c) In the event of examination irregularities being identified while the examination question paper is being written, the following procedure should apply:

(i) The invigilator must remove the candidate’s examination answer script and write the word, “IRREGULARITY”, on the front outside cover page, as well as the kind of irregularity, and the date, time and place of the irregularity.

(ii) The words, “Examination answer script confiscated on…at…hours”, must be written, in bold print, on the outside front cover page.

(iii) The invigilator must take possession of any unauthorised or incriminating material, such as notes, or any other object used directly or indirectly, or found in the possession of the candidate, which may have been used to commit the irregularity. By bringing the unauthorised material into the
examination room, the candidates should take responsibility for the resulting implications.

(iv) Such material must be attached to the confiscated examination answer script, which then becomes the property of the relevant provincial education department, and neither the candidate nor his or her parent(s) or guardian(s) has/have the right to demand its return.

(v) The invigilator must then hand the candidate a new answer script. This answer script must also be endorsed with the words, “NEW ANSWER SCRIPT”, together with the date and time of issue.

(vi) The candidate must be informed that the fact that he or she is being allowed to continue with the examination, does not serve as a condonation of his or her contravention of the examination regulations, and that a written report will be submitted to the chief invigilator at the conclusion of the examination, and that the incident will be reported to the PEIC.

(vii) The invigilator must not allow any additional time to compensate for time lost in the course of detecting and processing the examination irregularity.

(viii) The invigilator, following the completion of the examination, must immediately submit a full report, in writing, to the chief invigilator regarding the irregularity.
(ix) The candidate, following the completion of the examination, must be confronted about the irregularity and requested to provide a written declaration or response to the alleged offence.

(x) Should the candidate refuse to submit the required written declaration or to provide a response, this refusal must be confirmed in writing by the invigilator. The candidate must then sign the invigilator’s written statement.

(xi) Should the candidate refuse to comply with subregulation (4)(c)(iii), another invigilator, attached to the examination centre, must provide a written statement, confirming the refusal of the candidate to provide a written declaration.

(xii) The examination answer script, any incriminating material and all applicable statements must then be sent for marking in the normal way, and subsequently forwarded to the Provincial Examinations Irregularities Committee.

(5) Procedures in respect of examination irregularities identified during the marking process

(a) In the event of examination irregularities relating to the marking process, as contemplated in subregulation 5(4), 5(5) and 5(6), which are committed by examination officials, the Head of Department or his or her representative may immediately suspend an examination official who contravenes any of these regulations, and the matter must then be dealt with in terms of the Employment of Educators Act, 1998 (Act No. 76 of 1998) or in terms of the Public Service Act, or in terms of any other relevant legislation.
(b) Examination irregularities, identified by markers during the marking process, must be dealt with as follows:

(i) All examination irregularities suspected by markers, must be reported immediately to the senior marker, the deputy chief marker or the chief marker, who then refers it to the centre manager. The matter is then referred to the Head of Examinations and the PEIC.

(ii) Examination answer scripts in which alleged examination irregularities were identified, must be marked as usual. The word “IRREGULARITY” must be written in red ink on the front cover, along the margin.

(iii) These examination answer scripts must then be handed in, together with the other examination answer scripts and completed mark sheets, for the attention of the senior marker, the deputy chief marker, or the chief marker. The marks of the suspect candidate must be entered onto the mark sheet, with an indicator stating “Irregular”.

(iv) Where an examination answer script is found amongst those from another examination centre, or where a candidate has been writing the examination at an examination centre other than the examination centre where originally registered, the first examination centre must then contact the examination centre at which the examination should have been conducted, and arrange, via the regional office or area project office, for the transfer of the candidate’s examination answer script.
(v) Where an examination answer script is lost, the matter must be referred to Umalusi to decide upon the most appropriate course of action, as this constitutes an irregularity.

(vi) If the senior marker agrees with the finding of the marker, he or she must clearly indicate the location of the examination irregularity on each examination answer script and hand the whole batch of examination answer scripts over to the relevant deputy chief marker or to the chief marker.

(vii) Where the senior marker disagrees with the findings of the marker, the examination answer script should be handed to the deputy chief marker or to the chief marker for a second opinion. If the deputy chief marker or the chief marker concurs with the senior marker, the examination answer script must be returned to the marker for normal processing.

(viii) If the suspected examination irregularity is confirmed by the deputy chief marker or the chief marker, the prescribed irregularity report must be completed and forwarded, together with the evidence, to the Head of Examinations and the PEIC.

(6) Procedures in respect of irregularities that occur during the capturing, processing, standardisation, release of the results and certification processes

(a) The Head of Department or his or her representative may immediately suspend an examination official from examination-
related activities, or suspend an examination official who contravenes any of these requirements, and the matter must then be dealt with in terms of the Employment of Educators Act, 1998 (Act No. 76 of 1998) or in terms of the Public Service Act, or in terms of any other relevant legislation.

(b) All irregularities relating to the above processes must be reported immediately to the PEIC and to the Head of Examinations.

(c) Confidentiality and security of information must be enforced. Any breach in this regard must be considered an examination irregularity.

(7) Procedures in respect of investigations

The following procedure must be followed in respect of an investigation:

(a) A minimum of two members of the PEIC or two departmental officials, delegated by the PEIC, must be involved in all investigations.

(b) The PEIC may call upon any official in the service of the relevant provincial education department, or any candidate or candidates to appear before the Committee or the two-person team delegated to carry out the function, and it may also question any candidate accused of an alleged irregularity.

(c) The PEIC or the delegated officials may also call upon any person, not in the immediate employ of the relevant provincial education department, but who falls under its jurisdiction, to appear before the PEIC or the two-person team delegated to carry out this
function, and it may also question any such person during the normal course of an investigation.

(d) The PEIC and the delegated officials have access to any room or place at any school registered with the relevant provincial education department as an examination centre, and may scrutinise or take possession of any document, article or any other evidence which, in the opinion of the PEIC, may facilitate the investigation.

(e) In cases of serious misconduct, the relevant provincial education department should reserve the right to report such cases to the relevant state security agents with a view to a criminal investigation.

(f) All investigations undertaken by the PEIC or by the delegated officials, regardless at what level, must be clearly documented or minuted, should it take the form of a meeting.

(g) The findings of an investigation must be submitted to a full sitting of the PEIC, which must then take a decision as to whether a hearing must take place or not.

(h) No member of the PEIC may be involved in, or allowed access to, any examination irregularity investigation or hearing or documentation involving a relative or any other person in respect of whom the said investigator cannot be impartial.
(8) Procedures in respect of hearings

Should the relevant irregularity committee decide that a hearing must be held, such hearing must be held in terms of the following procedure:

(a) The hearings must be lawful, reasonable, timely and procedurally fair, and no rights of the individual should be infringed. The principle of openness and transparency of administrative action must be adhered to.

(b) The following procedure must be followed in respect of hearings:

(i) Procedures for hearings vary according to circumstances and persons involved.

(ii) A written notification must be submitted to the candidate involved in the alleged examination irregularity, or to the parent or guardian in the event of candidates being under the age of 18, as well to the Principal or centre manager of the institution. The following procedure must be followed:

(aa) The written notification must be forwarded either by registered mail or be delivered to a particular individual who must acknowledge receipt of the notification.

(bb) The written notification must state clearly that the absence of a reply will not delay the hearing in respect of the suspected examination irregularity.

(cc) Where a candidate, who is alleged to have committed an examination irregularity, or his or her parent or guardian or representative cannot be
contacted, the principal or centre manager of the institution will be required to assist with contacting the candidate. If the Principal or centre manager of the institution is unable to contact the candidate, he or she must accordingly inform the secretary of the PEIC in writing. The inability to make contact with the candidate concerned, or with his or her parent or guardian or representative, should not unnecessarily delay the processing of the irregularity.

(dd) All candidates suspected of an examination irregularity must be allowed the opportunity to respond to the invitation to attend a hearing regarding the alleged irregularity, within 10 working days of being notified of an irregularity investigation.

(ee) Candidates who do not wish to attend a hearing, have the option of making an admission of guilt in the form of a declaration, which must be forwarded to the secretary of the PEIC within 10 working days of being notified of an irregularity investigation.

(ff) In the event where a candidate is under 18 years of age, the candidate may be accompanied by his or her parent or guardian, the school principal, or any other representative.

(gg) Should the candidate or his or her parent or guardian choose to make use of legal representation during the hearing, this will be allowed and the chairperson of the PEIC must be so informed at least three (3) working days prior to the scheduled hearing.
(iii) All hearings must be recorded and the recording must be kept until the matter has been finalised.

(iv) The findings of a hearing must be submitted to a full sitting of the PEIC, by the persons involved in the hearing process.

(v) Decisions and consequent recommendations by the PEIC, as approved by the Head of Department or his or her representative, must be communicated, in writing, to the person, school or learning institution under investigation, within 30 working days of the completion of the hearing.

(9) Sanctions

(a) The relevant Irregularities Committee may impose the sanctions contemplated in these regulations.

(b) Mandatory minimum periods of sanction may be imposed by the PEIC or the NEIC, upon finding the offender guilty of an irregularity. The reason for the stipulation of mandatory minimum periods of sanction is primarily to ensure that irregularities are handled in a uniform manner across all provincial departments of education. Secondly, it is to combat and reduce the frequency of irregularities.

(c) There may be cases where the PEIC or the NEIC is of the opinion that, considering the specific circumstances of the case, the imposition of one of the minimum periods of sanction would be very harsh and unjust. The Committee may, however, be freed from the obligation of imposing the minimum period of sanction should there be “substantial and compelling circumstances”, which
justify the imposition of a lesser punishment than the prescribed one.
